JURY GETS CASE OF FRANK HUTSON

Young Man Charged With Vehicle Taking Was on Trial Today in The Circuit Court

PARTNER PLEADED GUILTY

Kenneth Wright Says He Didn't Know That Vehicle Taking Was Same as Vehicle Stealing

The fate of Frank Hutson, Jr., charged with vehicle taking, was in the hands of the jury all afternoon and shortly after three o'clock the jury had not returned a verdict, after having the case shortly before noon.

Hutson and Kenneth Wright, both 18 years old, were charged jointly with vehicle taking, and were placed in jail early last week, and after being arraigned, Wright pleaded guilty and Hutson, not guilty.

It was understood at that time that Wright had deserted the navy, and word was received from authorities at Hampton Roads that he had left, but was not wanted back, being listed as an undesirable, and that his papers bearing a dishonorable discharge would be mailed within a few days.

Wright was among the witnesses this morning who testified, and stated that when he pleaded guilty to vehicle taking, he did not know that it meant vehicle stealing. He said that he was accustomed to taking the machine, which belonged to Albert Pea, and on this particular night, he said he did not have any intention of stealing the car, but was going to return it.

Wright testified that he took the machine in order to take Hutson up to Raleigh, where another machine was waiting there, which Hutson said he was going to drive through to Hamilton.

Hyman Schatz, a local iron dealer, stated that he had offered Hutson \$5 to drive the car at Raleigh to Hamilton, O., and that it was the property of Schatz, and was not a stolen car, as stated previously and which was at first said to be one by Wright.

The testimony in the case showed that the car, upon which the charge was filed, was not even cranked, and was moved out of the garage in an alley, for a short distance, and became stranded in the mud. The decision of the jury was based around this fact, as to whether or not the intentions of the two young men were to steal the machine.

A jury was obtained in short order this morning and the first twelve men qualified. The case was given over to the jury at 11:45.

The jury consisted of Charles Winslow, Harry Clifford, William

HAAGS PAY \$21,992.52 FINE IN LIQUOR CASE

Indianapolis Druggists at State Penal Farm Square up Their Account With Government

EACH FINED \$10.000

Indianapolis, Ind., Feb. 21.—Fines and costs amounting to \$21,992.52 were paid to the United States government today by Julius A. Haag and Louis E. Haag, through their representative, Dr. C. W. Mendenhall. The money was paid to Mark Storen, United States marshal.

The Haag brothers, proprietors with their nephew, Herbert Haag, of the Haag Drug Company, are serving a sentence of thirty days at the State Farm, imposed by the Marion county criminal court for violation of the state prohibition law before their arrest by the federal authorities on charges of violating the federal prohibition statutes. On the latter charge they were found guilty and sentenced by Judge A. B. Anderson to the Federal Penitentiary at Atlanta for eighteen months, and fines were imposed of \$10,000 each. They served only six months of their time at Atlanta, however, as they were paroled by the prison board at the expiration of the minimum one-third of their sentence.

ADDRESSES HIGH SCHOOL

Bishop F. D. Leete Gives Talk Before Assembly This Morning

Bishop F. D. Leete, of Indianapolis, addressed the members of the Rushville high school this morning at 8:30 o'clock. In his speech he emphasized the necessity of good scholarship and efficient work. Other guests of the school were Dr. J. M. Walker, superintendent of the Connersville district of the M. E. church, Rev. C. S. Black, pastor of the St. Paul's M. E. church and Robert E. Mansfield.

Following the address the local high school celebrated the winning of the county tournament by the local high school basketball team. Impromptu speeches and yells were the features of the celebration.

TWO BILLS KILLED IN HOUSE TODAY

One Seeking Abolishment of State Department of Banking and Insurance is Lost

ACTION FOLLOWED REPORTS

Bill to Repeal the Law Providing For Primary Elections and Conferences is Also Killed

Indianapolis, Ind., Feb. 21.—The house of representatives today killed the bill to abolish the state department of banking and insurance, and the bill to repeal the law providing for the holding of primary elections and political conferences.

It also defeated an effort to indefinitely postpone the measure sponsored by Representative Barker of Boone county, which would abolish the board of trustees of the state normal school and universities, and create a central board of control. Action on all three of these measures came on committee reports.

The majority of the committee of Judiciary A recommended indefinite postponement of the Barker measure but the house adopted the minority report recommending passage.

The primary and election repeal measures introduced by Willis of Dekalb county when it was recommended for indefinite postponement, received not a dissenting vote.

Senator Joseph Cravens presented a motion in the senate calling for the state boards of accountants to make public immediately its report to the office of the auditor of state. Action on the motion was deferred when a motion of adjournment was made. The report covers the last year of the term of Otto Klaus, auditor, and is understood to have been in the hands of the board for some time.

While the house voted to kill the banking and insurance bill the senate approved the bill to increase salaries of departments head from \$3,000 to \$5,000 a year, the vote being 32 to 9.

An attempt to bring about taxation of fraternities and sororities failed in the senate after a discussion lasting more than an hour. The endeavor was made in the majority report of the finance committee exempting the Indiana salvage board from taxation, which was presented with a rider affecting fraternities and sororities. The senate accepted the minority report of the committee.

FOUR MEN KILLED

Cleveland, Ohio, Fe. 21.—At least four men were believed crushed to death when a wall of the third story of the Masonic Temple building collapsed today. The four men were in an office on the lower floor of the building which is being razed. Workers said more men may have been caught by the falling debris.

HAVE SPECIAL MEETING

The Pythian Sisters will hold a special practice Wednesday evening, at which time all of the officers and team, is expected to be on hand, preparing for the meeting here on March 3, when the Connersville lodge will have a class here for initiation.

ROTARY CLUB TO BE REPRESENTED

Members of Local Organization Leave Today For Evansville to Attend District Conference

STATE CLUBS ANNUAL EVENT

First Time in History of Conference All Guests Will be Seated in Same Banquet Hall

The Rushville Rotary club will be represented at the annual district conference of Rotary clubs opening at Evansville today and continuing until Tuesday evening. The eleventh district is composed of all the clubs in Indiana—forty-five in number.

The local delegation was composed of L. L. Allen vicepresident and Mrs. Allen; Roy Harold, secretary, and Lee Pyle. With the exception of Mr. Pyle, the Rushville Rotarians left this morning at 10:48 and boarded the special Pennsylvania train carrying the Indianapolis club and leaving Indianapolis at 12:15. Mr. Pyle went to Louisville Saturday and expected to reach Evansville today for the conference.

Evansville has arranged a big two day and two night program, a feature of which will be a unique banquet, the first ever given at a state meeting where every one will be seated at the same time in the same room. Heretofore the banquets have had to be given in three to four different places to accommodate the crowd. But Evansville with its municipal Coliseum will seat 1440 on the main floor. The visitors and local club with their ladies will assemble in the Coliseum at 5:30 and be ushered to seats in the spacious balcony. An organ concert by Rotarian James R. Gillette of the Evansville club, a noted organist and composer, on the \$50,000.00 municipal organ, the fifth largest in the country, will begin at 5:45.

Around 6:30 at the signal, all will form and march down to the main floor, leaving their coats and wraps in the seats they occupied, the coupon being the check numbers, over which Boy Scouts will keep an open eye.

The immense stage will be used for stunts, there will be real ones too, the exact program being kept secret; a few short snappy talks and a heap of fun, the affair lasting until train time when autos will take

APPOINTMENT WAS TO BLOCK JUSTICE

Rep. Welty, Declares Judge Landis Was Appointed by Baseball Leaders on Account of Lawsuit

WOULD FAVOR THE WHITE SOX

Washington, Feb. 21.—Direct charges that baseball magnates appointed Judge Landis of Chicago, as national arbitrator of the baseball league to defeat the suit against the White Sox, players was made today by Representative Welty.

Welty was before the house judiciary committee which opened investigations of the impeachment charges brought against Landis by the committee.

Welty said, "His appointment was a plain attempt to block justice. Organized baseball named him in hopes that action would stop prosecution of the Chicago White Sox players indicted for gambling and the \$200,000 anti-trust suit brought against the national American league."

Several members of the committee indicated by their questions that they saw no ground for Welty's charges. Chairman Volstead and Welty clashed several times each saying that they had been insulted by the other.

Volstead at one time told Welty to "stop making a speech and give us some acts."

DAUGHERTY APPOINTED

St. Augustine, Fla., Feb. 21.—President-elect Harding has asked Harry Daugherty, of Ohio, to be attorney general, it was announced today.

FIRST SEED CORN BATCH TAKEN OFF

County Agent Ball Urges Farmers to Investigate Seed, as Conditions Are Not Considered Good

FARMERS LIMITED TO FIVE BU.

County Agent Will Test Approximately 200 Bushels This Season, it is Estimated

The first batch of seed corn being tested by the county agent at his office in the court house was taken off Saturday and the testing will be continued up until the planting of corn begins the latter part of April or the first of May.

About thirty bushels of seed can be tested each week by the county agent, seven days being required for the process. The county agent expects to test approximately two hundred bushels this year due to the fact that the work was started a few weeks earlier than last year when 150 bushels were put through the test.

Each farmer is limited to five bushels, but many farmers whose seed was tested by the county agent last year, are doing their own testing this year, thus making room for the farmer who has never had any experience in the work. Some farmers have called at the county agent's office and obtained data on the method used by the county agent and will test their own seed at home.

"Farmers would do well to look to their seed corn at once for the condition of the seed is not as good as might be generally supposed", County Agent Ball announced after having read the test of the first 300 ears at the testing plant Saturday.

"Four percent of the ears tested were found to be dead," continued Mr. Ball, "not one grain out of six having germinated. And 36% proved partially dead or too weak in vitality to be fit for seed. Ten percent of the ears were found to be diseased. This makes a total of 26% unfit for seed."

Because of a wide report of a bumper crop of corn last fall many farmers did not see to getting in a supply of early selected seed and counted on taking their chances with seed selected from the crib this spring. Elevator men report that corn is testing as high as 20% moisture, which means that corn

ALLIED STATESMEN SEE FEW PROSPECTS

Gathered in London For Meeting They See Chance of Germany's Bill Being Rediscovered

OTHER MATTERS DISCUSSED

London, Feb. 21.—As allied statesmen gathered here today there was a prospect:

That Germany's bill will be rediscovered; that the French cabinet may be overturned if that bill is lightened that the future relations between France and Great Britain will be finally determined; that Turkey and Greece may adjust territorial claims and proclaim peace.

Statesmen who declared as impossible charges as to the split between France and Great Britain and admitted that they saw no chances of reconciliation views of Premier Briand and Lloyd George in regards to Germany.

Briand has been warned that his cabinet probably will be overturned if he consents to a count in the bill of \$55,000,000,000 presented to Germany. His desire is to see Germany compelled to pay in full. Lloyd George has declared that a bankrupt Germany means a bankrupt Europe and is willing to consider the just demands of that country.

Briand undoubtedly will be succeeded by former Premier Pointerre if he fails to win his point to the London conference. Pointerre stands firmly for making Germany pay in full and is back of Marshal Foch's plan for further military occupation of that country.

GRAND JURY IN SESSION

Meets Tomorrow For a Two Day Program of Investigations

The grand jury, which has been called for service Tuesday, will probably be busy two days before they conclude their investigations, is the opinion of Prosecutor Stevens. Several matters will be taken up by the investigators, as it has been two months since a grand jury has been in session here.

Three federal prohibition agents, L. A. Kidder, George Winkler and R. H. Abel, all of Indianapolis, have been summoned to appear here tomorrow, and it is likely that the booze runners automobile will be investigated first.

STEAM RAILWAY RATES ADVANCED

Rushville People Will Find 20 Per Cent Increase in Fares Within The State on Wednesday

FREIGHT RATES GO UP

Passengers on Steam Lines Will Pay \$1.55 to Indianapolis Instead of Present Rate of \$1.29

The cost of traveling within the state of Indiana on steam railroads will be increased twenty percent effective Wednesday, and local railroad station agents today were figuring up the new tariffs that will go into effect on that date.

The twenty percent increase will mean that the present rate of \$1.29 to Indianapolis will be advanced to \$1.55, which is one way and a like sum for the return trip.

In other words a new passenger rate authorized by the Interstate Public Service Commission of the United States will go into effect on all of the steam lines in Indiana and on the lines of a number of other states of which refused to grant the full advance in ticket, freight, excess baggage and milk rates authorized by the Interstate Public Service Commission.

The present ticket rate for steam railways in Indiana is now 3 cents a mile, whereas the new rate will be 3.6 per mile. The six-tenths of a cent advance was refused by the Indiana Public Service Commission, but it was recently authorized by the Interstate Public Service Commission. When the latter commission authorized a forty per cent advance on freight, excess baggage and milk rates last August the Indiana Public Service Commission allowed by 33% of the advance, but now the Interstate Public Service Commission has authorized the full forty per cent advance in Indiana and some other states, which will go into effect as above stated, when the rates will be effective throughout the nation.

While the conflicting passenger rates were in effect passengers in Indiana and other states in which the state public service commissions refused the full advance authorized by the Interstate Public Service Commission took advantage of them by buying tickets to state lines and getting on the trains and buying other tickets. For instance, Indiana passengers who desired to travel into Kentucky would buy tickets to Jeffersonville at the 3-cent rate and in Louisville would leave the trains and buy other tickets which would take them to their destination, paying for them the advanced rate of 3.6 cents, thus saving the advance from the starting points to Jeffersonville.

The same thing also applied here to people buying tickets to Hammond, and from there would buy tickets on to Chicago, saving six tenths of a cent on each mile, but under the new rates there is no chance to make a saving by buying to the state line.

BLIZZARD IN NEW YORK

New York, Feb. 21.—New York today was "digging out" after the biggest blizzard since 1900. The snow fall was 12 1/2 inches and it was accompanied by a 35 mile wind. Today the weather was clear and cold. Death of ten persons was ascribed to the blizzard.

JAM THREATENS THE LEGISLATURE

Despite Admonitions to Speed Up Work, Legislators Face Much Unfinished Legislation

THIRTEEN DAYS REMAINING

Both Houses Make Exceptional Progress But Vast Majority of Bills Are Not Disposed of

(By United Press)

Indianapolis, Ind., Feb. 21.—Despite repeated admonitions to speed up their work, members of the seventy-second general assembly faced a last minute jam such as has characterized past legislatures when they convened here today with thirteen days of the present session remaining.

There was a scramble among both senators and representatives seeking to steer their pet measures past the pitfalls and bring them out on top in the final shuffle.

Both houses, according to Governor McCray and other republican party leaders, have made exceptional progress thus far. But the governor urged the members Saturday to "drop all" ballast and throw "er in high" during the remaining days, always giving each measure careful consideration.

Many of the legislators want to go to Washington March 4 to see Warren G. Harding inaugurated president and they all realize that if they don't clean the slate before that time, they won't be able to do so. Governor McCray also wants to make the Washington trip, but he has said he cannot go unless early adjournment is taken.

A vast majority of the bills introduced thus far still must be disposed of. Apparently it will be necessary to take these up in rapid fire order or else resort to the omnibus plan of considering several measures by one vote, a practice severely condemned by Lieutenant Governor Branch. Pending matters also can expire peacefully with sine die adjournment.

There are numerous measures still before one house or the other, but the most important ones awaiting action deal with:

Legislative reapportionment of the state.

Specific Appropriations totaling over \$2,300,000.

Deficiency Appropriations of \$969,600.

Proposed reinstatement of the German language as a subject in Indiana schools.

The administration tax bill and other taxation measures including special school levies.

A proposal to increase the salaries of the legislators from \$6 to \$12 a day, granting the speaker of the house \$10 daily during the session and the lieutenant governor \$2,000

FINAL SUMMONS FOR MRS. ETHEL L. CARDER

Anderson Woman, Sister of Mrs. Will M. Frazee and Mrs. Dan Matlock, Dies Saturday

BURIAL TUESDAY AFTERNOON

Mrs. Ethel L. Carder, age 40 years, wife of Frank Carder, of Anderson, Ind., died Saturday night at ten o'clock at the Sexton hospital in this city, death being caused from complications arising from an operation. Mrs. Carder was the sister of Mrs. Will M. Frazee and Mrs. Dan M. Matlock of this city, and was well known here.

Her body was removed Sunday to the late residence in Anderson, where the funeral services will be conducted Tuesday afternoon at two o'clock with interment in the cemetery at Anderson.

Besides the husband, she is survived by her mother, Mrs. Frances N. Hillgoss of Anderson, a sister Mrs. Charles S. Parkhurst and a brother Ralph Hillgoss, both of Anderson, and the two sisters mentioned above who reside in this city.

Too Much For Coal

Your coal is too expensive if there is a great amount of clinkers or slate when you empty your ash pan. In such a case you are paying for heat you do not get.

Campbell's Creek Coal will not clinker. It is free from slate and other impurities. The fine pulverized ash gives proof that all the heat has been consumed. The coal is large and blocky. It burns freely, yet slowly with a long brilliant flame which gives an intense concentrated heat.

J. P. Frazee and Son

Public Sale!

We, the undersigned, will sell at public auction on the Elizabeth M. Myers farm, 2 1/2 miles northeast of Milroy, 7 miles southeast of Rushville, 7 miles southwest of New Salem and 4 miles northwest of Richland, on

WEDNESDAY, FEBRUARY 23, 1921

The following property, sale to commence at 12:30 o'clock.

4 Head of Horses 4

One bay gelding, 7 years old, sound, good worker; one black gelding 7 years old, sound, good worker; these horses will weigh around 1500 pounds each; one bay 4-year-old mare, sound and good worker; one bay 4-year-old gelding, sound and good worker, will weigh each about 1300 pounds.

2 Good Jersey Cows — 3 and 4 years old.

10 Brood Sows 10

Eight tried sows and two gilts, due to farrow the last of March; 6 pure bred Big Type Poland China, 4 pure bred Duroc Jersey. All hogs double immune.

40 Fall Shoats 40

800 Bushels of Corn in Crib 800

4 Tons of Extra Good Timothy Hay 4

FARM IMPLEMENTS—One Birdsell wagon with box bed, complete with sideboards and scoopboards good as new; one flat bed; one Gale breaking plow; one 1-row John Deere riding cultivator; one United States cream separator, and other articles.

Lunch by Ladies Aid of Center Church.

PROMINENT MEN SANCTION DRIVE

T. R. Marshall, Will Give His Influence to The 1921 Indiana Service Program of S. A.

NEW PLAN IS APPROVED

County Advisory Councils are Being Endorsed by Many People—McCray Honorary Chairman

Indianapolis, Ind., Feb. 21—Thomas R. Marshall, vice-president of the United States, has given his name and influence to the 1921 Indiana Service Program of The Salvation Army.

Word from Mr. Marshall, at Washington, to Brigadier George F. Casler, of Indianapolis, The Salvation Army's Indiana Commander, expressed the Vice-president's interest in the County Advisory Board plan, as it is now being worked out in Indiana, registers hearty endorsement of the program and accepts membership on the State Committee.

Governor Warren T. McCray is Honorary Chairman of the State Board which has just been organized. Others, who have endorsed the plan by serving on the State Board, are Charles A. Bookwalter, former Mayor of Indianapolis, Dr. Carleton B. McCulloch, former Governor Samuel M. Ralston, L. Russell Newgent, State Adjutant of the Indiana Department The American Legion Secretary of State Ed Jackson, Elmer Gay, Arthur V. Brown, Mrs. Maude Lucas Rimpler, President of the Indiana Federation of Women's Clubs, and Mrs. Wolf Sussman.

The State Board's stamp of approval on the organization of the 1921 Service Program for Indiana is made heavier by rapid enrollment of the citizens of the state as members of the County Advisory Boards now being formed in every section. Thirty-five counties have lined up and almost 500 Indians stand ready to serve The Salvation Army by acting as its representatives through service on the County Advisory Boards.

Members of these County Advisory Boards include the most representative and influential citizens in their communities. In addition to other duties, they are conducting a study of their local conditions of social welfare and relief. They are compiling data from this study and will place it in the hands of The Salvation Army, so that the machinery may be set in motion to handle the individual cases through the Army's remedial institutions. The members of these County Boards serve in an advisory capacity to The Salvation Army in conducting the work. The State Advisory Board acts as an advisor in a larger sense and over a wider scope.

The Salvation Army, through its 1921 Service Program for the people of Indiana, will continue to aid the unfortunate, poor and the sick; something it has been doing for the people of the state for forty years, but principally in the larger cities or more populous areas.

In addition now, through the County Advisory Board plan, it will extend the scope of its activities to every corner of Indiana. Securities prove that the origin of much of the social distress in the cities can be traced to smaller communities. The Salvation Army of Indiana, now by means of its advisors in each county, will seek to get at the source of this distress and act toward checking it before it becomes acute.

Among the departments, through which The Salvation Army can serve the counties in Indiana, are the Industrial Home for Men, the Anti-suicide Bureau, the placing of dependent orphan children, the Rescue and Maternity Homes, Emergency Department, Missing Friends' Bureau and Boys' Friend Bureau.

MAN GIVES WIFE GLYCERINE MIXTURE

She had stomach trouble for years. After giving her simple buckthorn bark, glycerine, etc., as mixed in Adler-ika, her husband says: "My wife feels fine now and has gained weight. It is wonderful stomach medicine." Adler-ika acts on BOTH upper and lower bowel, removing foul matter which poisoned stomach and which you never thought was in your system. EXCELLENT for gas on the stomach or chronic constipation. Guards against appendicitis. The impurities it brings out will surprise you. F. E. Wolcott, Druggist.—(Advertisement)

ELEVENTH HOUR RUSH TO GET BILLS THROUGH

With Less Than Two Weeks Remaining, Congress is Faced With Filibuster Threats

"PET" MEASURES ARE WANTED

Washington, Feb. 21—The eleventh hour rush to get legislation passed before final adjournment of congress is on today.

With less than two weeks of the present session remaining, members are demanding action on "pet" measures. Some of the hint at a filibuster to hold up appropriation bills unless they get it. In addition outside lobbyists continued a series of drives in an effort to force through measures in which they are interested.

Forces have got behind the packer legislation bill and the Capper Volstead bill exempting farm organizations from operation of the anti-trust law. They are also encouraging a filibuster on the part of congressional friends.

Women are urging the house to act on the maternity bill; railroads appealed for action on the bill to allow payment of part of the money due them under the guarantee clause of the transportation act; ex-service men want action on the bonus act and army men want their promotions sanctioned.

DRECO

For a weak Stomach

Quick relief from gastritis, indigestion, nausea and nervousness.

DRECO—for young or old.

AT YOUR DRUGGIST

—Mr. and Mrs. Jesse Trobaugh and children have returned to their home in Kokomo, Ind., after spending the week-end in this city the guests of Mr. and Mrs. Fred Woods.

—Mrs. Charles A. Mauzy was called to Elwood Sunday by the serious illness of her daughter, Mrs. George Dehority, formerly Miss Louise Mauzy of this city. A baby boy was born to Mrs. Dehority Sunday morning.

Amusements

Louise Huff at Mystic

Louise Huff, who will be remembered for the many charming parts which she has played in recent pictures, is at the Mystic today and tomorrow in her very latest movie production, "What Women Want." This story gives Miss Huff many opportunities for the full exercise of her remarkable abilities. In the handling of serious roles, this young woman has met with remarkable success. Unlike many of her sisters on the screen, she works with a peculiar and subtle quietness and reserve. Film critics consider that Miss Huff has one of the most plastic faces that has ever been photographed before a motion picture camera. She can register the most subtle of emotions without the slightest evident effort.

In this production Miss Huff plays the part of a young French girl who comes to America only to find that the man to whom she has given her love, has played her false. Her affections are turned to hate, and through a train of circumstances, she soon has him at her mercy. The picture from this point on deals with the preparation of a complete revenge for her lover's duplicity. The picture finishes with a very dramatic surprise.

FORESTRY MEETING AT CHICAGO FEB. 24

Interstate Conference Will Discuss a Forest Policy For Indiana and 7 Other States

GOVERNOR INVITED TO ATTEND

Conference in Chicago Follows Recognition by Union League Club of Need For Protection

Chicago, Ill., Feb. 19.—Indiana has been invited to send its governor and forestry officials to an interstate forestry conference at the Union League Club, Chicago, Feb. 24, when a forest policy for Indiana and seven other north central states will be discussed.

Col. W. B. Greeley, chief of the United States Forest Service, Col. H. S. Graves, former chief forester, and R. S. Kellogg, chairman of the National Forestry Program Committee will be among the speakers from the east.

The states invited to participate are Illinois, Wisconsin, Michigan, Minnesota, Indiana, Ohio, Iowa and Missouri. It is already certain that some official representative will be present from each, even though the governor himself is unable to attend.

It is the purpose of the conference to organize and put under way substantial programs of forestry in each state, along lines which will make the state policy conform to the federal forest program now being worked out. Ohio already has legislation before its legislature, and Wisconsin is in the midst of an active campaign for a thoroughly well defined policy. Wisconsin has already gone so far as to take preliminary steps for a state conference in March to put into effect the recommendations of the interstate conference at Chicago.

The conference in Chicago follows the recognition by the Union League Club of that city of the need for forest protection, if the great wood using industries of the middle west are to survive, and Chicago itself is the greatest lumber market of the world. The Chicago club was so interested in the forestry problem, not merely from a business standpoint, but from the general welfare of the nation, that it sent D. L. Goodwillie, a prominent box manufacturer, and W. L. Hall, a forest expert, to Washington to appear for the club at a hearing on national forestry measures.

The club recognized, however, the need for state cooperation so plans were completed for the interstate conference on state policies for the several states interested.

Under legislation now pending in Congress in the form of the Snell bill, federal aid will be given to states whose forest policies conform to those of the federal government, and it is to formulate state policies which will fit in with the federal program that Col. Greeley will be present to consult with the state officials.

The Snell bill formulates the policy of the U. S. Forest Service. The National Forestry Program Committee, which R. S. Kellogg will represent in Chicago, was formed of lumber and paper manufacturers, the American Newspaper Publishers Association, forestry associations, wood using industries, technical foresters and others to push its adoption.

The Union League in holding the Chicago conference of governors anticipates the formation of a permanent North Central States Forestry Conference, with two special purposes in view: First to encourage forestry education, organization and legislation in the states of this region, and, second, to rush the national forestry program.

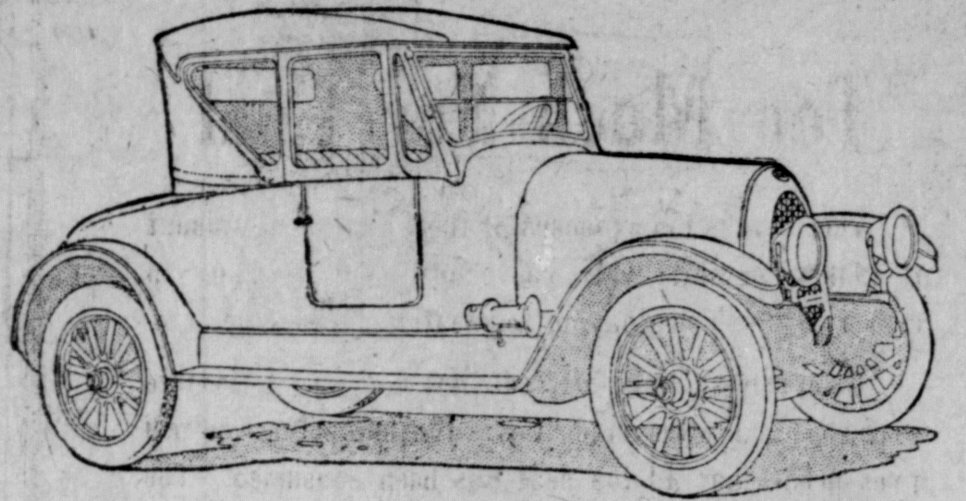

Colonel Greeley reaches Chicago Feb. 23 address the Chicago Association of Commerce at Noon, the City Club of Milwaukee that evening, and to address the governors conference and the Union League Club and other organizations Feb. 24.

TUESDAY NIGHT, FEB. 22

Newcastle Independents vs
Odd Fellows Independents

A FAST GAME IS EXPECTED

Curtain Raiser—Raleigh Independents Vs. Rushville Shamrocks.

COME OUT AND HELP THE LOCALS WIN

LOCALS WIN FINAL AND THE TOURNEY

Rushville High School Displays Un-
usual Form in Closing Game
of Invitational Tourney

MANILLA SMOTHERED, 38-13

Runner-Up Fights Hard all the Way,
After Having Earned Right by
Defeating Fairview

The invitational basketball tourney held here all day Saturday, was won by the Rushville high school, when they defeated the fast going Manilla quintet in the final game, 38 to 13.

The locals displayed exceptionally good form and from the very start had the best of things, and as the game progressed, it seemed as if they could score almost at ease.

Manilla earned the right to play in the final game at night, when they staged a comeback in the afternoon game with Fairview, and won out 23 to 16, after Fairview had a slight advantage over them in the first half, 9 to 8.

The red and black started the game in whirlwind fashion, and Manilla was given a chance first to score on a foul goal, but Edwards missed the shot. E. Headlee for Rushville made the first score on a long shot, and Edwards for Manilla again had a chance to register a foul goal, but missed.

Rushville ran the score up to nine points, before Manilla scored, and their first counter came on a foul goal. In the first half Manilla lined up two field goals and two fouls, making six points while the Rushville team had counted 19.

The visiting team fought hard all of the way through, and the score does not indicate what the locals had to do in order to win, but it happened that Rushville showed improvement with each game played, and could have stood up for some time.

The regular line-up for Rushville was used throughout the tourney, with the exception of five minutes in the first game, so the locals could be given a good endurance test, in order to get into shape for the sectional tourney.

In the last half of the game, Rushville made another 19 points, while in this frame Manilla made 7 points, three field goals and one foul.

E. Headlee for Rushville, was guarded closely throughout the game, but this only proved to be an opening for the rest of the players to get through, which has always proven the case, and L. Headlee and Miller each registered four field goals apiece, while Eakins contributed two shots in the first half.

M. Edwards for Manilla counted 11 of the 13 points for his team, and Brown, center, made the other two markers on a long shot from the center of the floor.

Prof. A. M. Taylor awarded the Rushville team a silver cup after the final game. Last year the trophy went to the Manilla team.

The final game on the schedule, before the tournament, will be at Richmond next Friday night, and a hard game awaits the locals.

The score and summary:
Rushville (38) Manilla (13)
L. Headlee F Edwards
Miller F Baker
E. Headlee C Brown
Eakins G Meid
Frazee G Hutchens

Substitutions: Manilla Abel and Copple. Field goals, L. Headlee 4, Miller 4, E. Headlee 5, Eakins 2, M. Edwards 4, Brown. Foul goals, Eakins 8 out of 9, Edwards 3 out of 6 Referee Case.

Original Meaning of "School."

While a school is now a place of industry, it was not always thus. In fact, the word itself is derived from the Greek "schole," meaning leisure. Probably this arose from the fact that only people with leisure were able to attend school.

TONIGHT PRINCESS TUESDAY

Admission 15c and 25c

WESTPORT WINS OUT IN THE FINAL GAME

Team Which Put Odd Fellows Out of
Running in Greensburg Tourney,
Wins The Meet Team

LOCALS PLAYED RAGGED BALL

The Rushville Odd Fellows dropped a close game Saturday afternoon in the district tourney at Greensburg, when they were nosed out by the Westport team 19 to 18, and in this manner lost out of the final game, which was easily won by Westport from Greensburg, 42 to 17.

The Odd Fellows literally gave the afternoon game away, after defeating the hardest team in the tourney, the Milan aggregation in the morning, and when the afternoon game came, the Westport team took advantage of Rushville's slowing down, and tied the score, and won by a lone marker.

In the first half the Odd Fellows had a comfortable lead and then with overconfidence facing them, they allowed Westport to gradually creep up. It was a hard game to lose, and Rushville could have easily copped the tourney from Greensburg.

The Greensburg team earned the right to play in the final game, when they defeated the Aurora team in the afternoon by a lone point.

FAST TEAM HERE TUESDAY

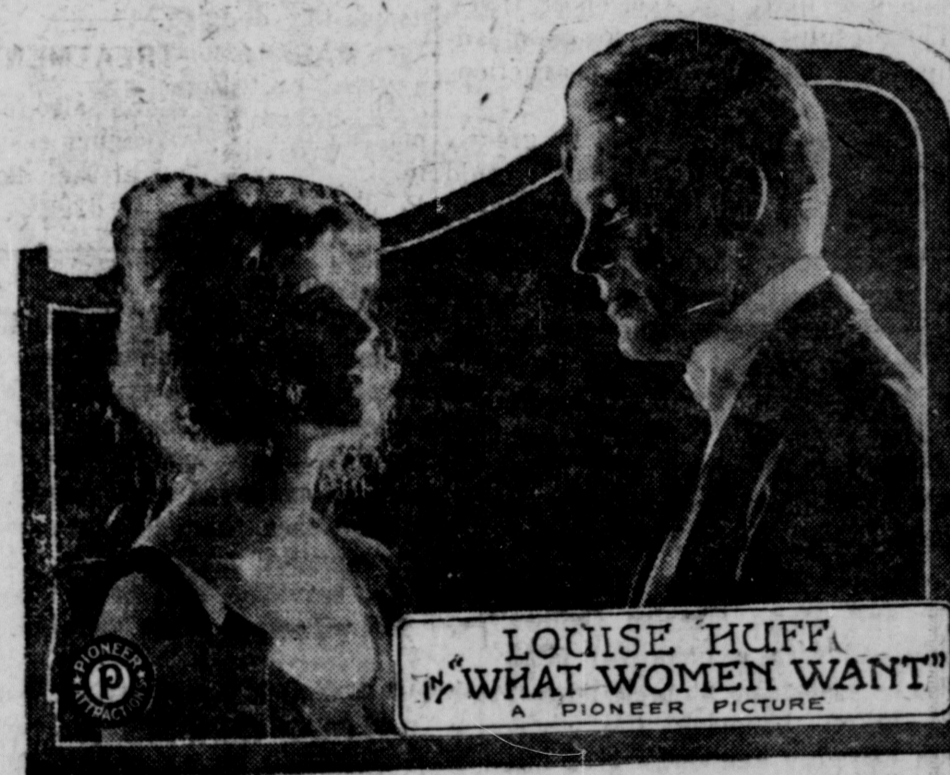

Newcastle Will Present Lineup of
Real Basketball Stars

The Newcastle Rose City Athletic club, reputed to be a strong basketball organization, will come here Tuesday night to battle with the Odd Fellows on the Modern Appliance floor, and have sent advanced word that they expect to take home the victory. The line-up of the visiting team includes basketball stars from former high school teams of Newcastle and Spiceland, as well as former college players, and no doubt will make the Odd Fellows step.

A preliminary game will be played between the Raleigh Independents and the Rushville Shamrocks, beginning promptly at seven o'clock.

The Always Present class of the Main Street Christian church will meet tonight with Mrs. Laverne Farthing, at her home in West Seventh street.

Mrs. Nelle Ewbank of Falmouth had as her dinner guests Sunday Mr. and Mrs. Byron Biddiger, Mrs. Canady and Miss Loretta Seifert, of Connersville.

Mr. and Mrs. Leonard Alsop and daughter and Mr. and Mrs. William H. Schmall were the dinner guests yesterday of Mr. and Mrs. Bert Wilson of near Richland.

The Pastor's Aid Society of the Main Street Christian church will be entertained tomorrow afternoon at the home of Mrs. G. P. McCarty 941 North Harrison street. The ladies are requested to bring their needlework.

Mr. and Mrs. Curtis Scholl entertained Sunday with a prettily appointed dinner party at their home in Falmouth. The guests were Mr. and Mrs. J. F. Scholl and daughter Miss Sarah of Orange and Mr. and Mrs. W. F. Saxon.

Mrs. John Jordan will entertain the members of her Sunday school class of the St. Paul's M. E. church Tuesday evening with the annual party at her home, 916 North Main street. All members of the class are cordially invited to attend.

The Ladies Aid society of the First Baptist church will hold their regular monthly business session on Wednesday afternoon at 2 p. m. at the home of Mrs. Robert Stewart in West Fifth street. All the ladies are urged to be present.

Mrs. George Whithan of West Jennings street delightfully entertained Sunday evening with a six o'clock dinner in honor of Mr. Whithan's birthday anniversary. Covers were laid for Mr. and Mrs. Ralph Pearsey and Mr. and Mrs. Harvey Cohe, and son Richard.

The Woman's Missionary Society of the First Presbyterian church will have an open meeting at the home of Mrs. J. T. Aruckle, 114 East Seventh street, Tuesday afternoon promptly at 2:30 o'clock. At this time mite boxes will be given. The ladies of the congregation are invited to attend this meeting.

A dinner-dance will be given at the Social club Wednesday evening and the women of the second division will have charge of the dinner. Club members are requested to have their dishes at the club house by one o'clock and to take salad plates. They are also urged to notify Mrs. Roy Harold or Mrs. George Helm if they will have guests. The Ki Barber orchestra of Indianapolis will provide music for the dance.

Mrs. Charles Worth entertained a number of guests yesterday at her home in East Seventh street, honoring her birthday anniversary. The table was beautifully decorated in roses and carnations. The out-of-town guests present for the affair were Mr. and Mrs. Don McSeely, Mr. and Mrs. Frank Sogleman and children, Mrs. Sarah Pollett, Mrs. Sarah Lakin, Miss Louise Lakin and William Lakin, all of Indianapolis.

Mr. and Mrs. Charles Caldwell entertained with a bountiful pitch in dinner yesterday at their home in North Julian honoring the eighty fourth birthday anniversary of Mrs. A. N. Newhouse. The guests were Alonzo Newhouse, Mr. and Mrs. James Newhouse, of near Gwynneville, Marshall Newhouse, Mr. and Mrs. John Cohee, Mr. and Mrs. Joe Stevens, Mr. and Mrs. Henry Schraeder, Mr. and Mrs. Alva Newhouse and daughter Ruth, Rev. Charles Radcliff, of Connersville, Mrs. Greeley Mauzy and Miss Irene Abernathy.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success. They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they clear clouded grain and perk up the spirits.

CONGRESS STILL

"INVESTIGATING"

During 66th Congress Resolutions Have Been Introduced Asking For 212 Inquiries

MANY SUBJECTS COVERED

It is Difficult to Figure Cost of These Probes Because no Two Are Conducted in Same Way

By RALPH H. TURNER
(U. P. Staff Correspondent)
Washington, Feb. 21—"Investigating" continues to be one of the most popular pastimes of Congress. The cost of these investigations, one Senator announced the other day, has reached "scandalous proportions". He didn't indicate the exact extent of this cost. He didn't know. No one does.

There is one investigation yet to be ordered—namely the high cost of investigating.

But another investigation, conducted by the United Press, reveals that during the Sixty-sixth Congress alone (the present one) resolutions have been introduced asking for 212 investigations. Only sixty of these resolutions, it is true were passed, but the larger figure indicates that the Congressional penchant for investigating still thrives.

Every conceivable subject is covered in the "probes" which Congress desires. Here are a few of them:

Substitutes for railroad crossings. Socialistic activities in the Federal Trade Commission.

Alleged chemical treatment of foods.

Garden, city and suburb movement in Europe.

Feasibility of using saccharin as substitute for sugar.

Suspension of a Washington school teacher.

Discrimination against individual hackmen in District of Columbia.

The troubles bothering the American people are reflected to considerable extent by the number and nature of proposed investigations. Thus, the high cost of living is covered by at least a dozen different resolutions, touching upon every imaginable phase of that problem. The same is true of coal prices, ex-service men, the housing situation and Mexico.

Congress also is concerned with: The detention of Dr. William T. Ellis in Cairo.

A British embargo on the sailing of an Argentina steamship.

Acceptance of gifts by the President.

Incompetence and loss of prestige in the war.

Whether Henry Ford benefited from the improvement of River Rouge, Mich.

The prices of men's collars.

Income-tax dodging.

Some of the resolutions are never even voted on. Sometimes, the investigations are approved but never started. Sometimes, they start but are never concluded. Again, there are investigations which have been completed, but the result hasn't been announced.

It's difficult to figure the cost of these inquiries because no two are conducted in the same way. The cost will depend on the length of the investigation. In some instances, counsel is employed and must be paid. And then there is the expense of stenography and printing. Frequently, traveling and other expenses for witnesses must be paid.

CHARLIE CHAPLIN IS COMING BACK STRONG

Los Angeles, Feb. 21.—(Special Correspondence.)—Never in the history of the film world has anyone been the subject of such glowing tribute as is now being evidenced in the case of Charlie Chaplin.

Just at a time when folks were settling back and wondering just who would step forward and take the place of the inimitable genius, along comes Charlie himself with a six-reel feature production entitled "The Kid", arousing the public to such an extent that the past has been forgotten, and in even louder tones than ever before he is declared the greatest attraction in the amusement world.

Thousands of telegrams and letters are being delivered daily to Chaplin through enthusiastic film followers everywhere. Chaplin's return to the screen has supplied the press of the nation with the biggest piece of theatrical news of all time and even the editorial pages have found in this artist's latest work material with sufficient dignity for comment.

While all are singing praises to Charlie, the comedy genius is quiet-

ly going about his business preparing another film production at his magnificent studios in Hollywood.

Edna Purviance, one of the most charming young women in the film world, who has long been identified with Chaplin, will again be the head of the supporting company, and others who have helped to produce laughs with the great comedian in the past have rallied to his standard also.

Chaplin will endeavor to produce three two-reel subjects within the next six months this number being required to terminate his contract with Associated First National Exhibitors.

Later Chaplin will become actively engaged as a member of the United Artists Corporation consisting of Mary Pickford, D. W. Griffith, Douglas Fairbanks and himself, and will produce only five-reel features.

ROTARY CLUB TO BE REPRESENTED

Continued from Page One
the visitors to their trains.

Special entertainment features will be provided for the wives of Rotarians. Automobile tours and a theater party were arranged for this afternoon and tonight at 8:13 Frances Alda will appear in a Grand Opera concert at the Coliseum. There will be a special luncheon for ladies tomorrow noon and a theater party in the afternoon. The conference closes with the banquet and stunt features.

There will be a spirited bowling contest between clubs, also volleyball matches Monday evening. The informal ball is set for Monday evening at the Hotel McCurdy following the evening meetings.

Conferences on "Club Activities," "Meetings Between Neighboring Clubs" and "Work Among Boys" will be held for Rotarians tonight and there will also be a club executives conference at which internal club problems will be discussed. Tuesday morning will be taken up with a general conference session.

The principal address at which will be made by Robert H. Timmons, 129213

INFORMAL OPENING

That magic worker, Spring, together with that other spirit, Lower Prices, has brought about new conditions in the matter of women's attire.

These conditions are revealed to the women of this city, and surrounding country, with a wealth of beautiful styles that will start the Spring season with a breathless rush of excitement and admiration.

The fashion loving women who must have the new as soon as it arrives will be pleased with this wonderful showing. And with all this exclusiveness of style and newness of models, prices are very moderate. You will be surprised how little money it takes to buy one of these advance creations in suits, dresses, coats and wraps.

RUSHVILLE INDIANA

"The Store that Does Things"

ORANGE IN THE FINALS

The Orange high school basketball team was a runner up in an invitational tourney held in Connersville all day Saturday, and lost in the final game at night to the Connersville team, 19 to 9. The Orange team in the morning game eliminated Bentonville 22 to 3, and in the afternoon Glenwood, 29 to 13. Every team from Fayette county, except Fairview, was represented at the meet.

WEATHER FOR THE WEEK

Cold weather is indicated during the week, with snows Sunday and again on Wednesday or Thursday.

SPECIAL MEETING TUESDAY

Junior Order of United American Mechanics will hold a special meeting Tuesday night. All members are urged to be present as arrangements will be made to move into the new hall.

Grocery for Everybody

We cater to all classes of trade. No store in Rushville carries so complete a line of fancy and high class groceries as we do. Our medium priced canned goods are of the same quality as sold by many stores for highest grade.

We buy only the best of staple goods, yet we price them as low as the lowest grades.

Our store service is as good as we can make it and our delivery service is most satisfactory.

These are the things that make our store the busiest in town.

Best Country Lard per lb.	18c	Good Luck Oleo per lb.	30c
2 pounds	35c	Oak Grove Butter per lb.	53c

A Nervous Woman

Frankfort, Ind. — "When living in Kirkersville, Ohio, I took Dr. Pierce's Favorite Prescription. I was always complaining. Nervousness troubled me, caused, I think, by woman's weakness. This medicine was recommended to me and I thought I would try it. I found results good; it certainly helped me."—Mrs. Carrie Headlee, 1203 Oak St.

PROMINENT NEW YORK MAN PRAISES TANLAC

John F. Hyatt, of Albany, N. Y. Is Relieved of Severe Attack of Rheumatism of Many Years' Standing.

JOHN F. HYATT
227 Pearl St., Albany, N. Y.

"I am now seventy-two years old and am just getting rid of fifteen-year case of rheumatism that had me so crippled up I could not walk," said John F. Hyatt, 227 Pearl St., Albany, N. Y., in relating his remarkable experience with Tanlac recently. Mr. Hyatt was chairman of the committee in charge of building the Albany County Courthouse and was four times elected a member of the County Board of Supervisors. At present Mr. Hyatt is Assistant Superintendent of the Albany County Courthouse, with offices in the building.

"I don't believe," he continued, "anybody could have rheumatism any worse than I did, and my case was of such long standing I didn't expect to ever get over it. I was unable to walk except for a short distance, supported with a cane, and even then the pains struck me every time I took a step. My legs, hips and ankles hurt something awful and my joints were stiff and aching. I couldn't cross my leg without having to lift it up with my hands, and to turn over in bed, why, the pains nearly killed me."

"My appetite was gone and the sight of food nauseated me. My stomach was out of order, and I had a sluggish, heavy feeling all the time. I was weak, off in weight and discouraged so that it looked like I might as well quit trying to ever get well."

"I had no idea Tanlac would relieve my rheumatism when I began taking it last Spring. I took it because I saw where it would give a fellow an appetite. Well, sir, I was

the most surprised I ever was in my life when the rheumatic pains began to ease up. I took seven bottles in all and, it's a fact, I didn't have an ache about me, was eating fine and simply felt like I had been made over again."

"I have been in the best of health ever since, with only a slight twinge of rheumatism at intervals. I do not need my cane now, but as I had been unable to walk without it for several years, I got into the habit of carrying it and so still take it along. I am enjoying life and health once more and can conscientiously recommend Tanlac as the greatest medicine I have ever run across in all my experience."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McCarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2.—(Advertisement)

LETTERS SUGGEST HEAVIER PENALTY

Conservation of Indiana's Wild Life Resources Has Become Issue of State Wide Importance

THIRTEEN BILLS PRESENTED

Sportsmen Champion Measures of Game Interests Now Receiving Legislative Consideration

Indianapolis, Ind., Feb. 19—The conservation of Indiana's wild life resources has become an issue of extreme and state-wide importance, if hundreds of letters reaching the state department of conservation can be taken as a barometer of public opinion. George N. Mannfeld, superintendent of the division of fish and game, told members of 110 fish, game and bird protective associations in this state in his monthly letter which went out today.

According to Mr. Mannfeld the surprising and pleasing features of these letters all suggesting improvements in present state fish and game laws, are for a heavier penalty for law violation.

Of the thirteen bills presented to the legislature, all measures have the support and approval of the conservation department and of the Indiana Fish Game and Forest League. Only three proposed amendments offered so far are independent of the legislative program of the league, Mr. Mannfeld says.

In order that every association have a voice in the matter of attempting to create more comprehensive legislation to augment and protect wild life in this state, representatives of the conservation department met with league representatives and worked out plans satisfactory to those interested. The result is bills proposed by the department and by the league harmonize and are designed to make fishing and hunting not only pleasurable but profitable in this state.

Genuine sportsmen who have given the conservation of wild life serious thought and are sincere in their desire to perpetuate the same, are championing the measures of the fish and game interests now receiving legislative consideration. Such sportsmen have visions of state waters teeming with aquatic life and the remnants of forests plentifully supplied with small game and this in the near future if proper protective measures can be made laws, Mr. Mannfeld says.

***** * ASKS DOCTOR TO TRY * "CURE" ON THEIR WIVES *****

Washington, Ind., Feb. 21—After the Washington Democrat, a local newspaper had published several articles regarding the 11-day talking spell of the little Wankegan, Ill. girl, who talked continuously without sleeping at night, a local physician sprung a new story on the town. Three men called him up after reading the articles, including the last one which told of the cure, he said, and asked him if such a case were possible. When informed by the doctor that it was, according to the physician, they asked him to come over and try to stop their wives from talking so much.

NOTICE

For The Improvement of a Highway in Anderson Township, Rush County, Indiana.

Notice is hereby given that a petition has been filed in the office of the undersigned Auditor of Rush County, Indiana, for the grading, draining and paving of certain highway in Anderson Township, Rush County, Indiana, which petition is in the words and figures as follows, to-wit:

State of Indiana, Rush County, ss: Commissioners' Court, March Term, 1921.

To the Honorable Board of Commissioners of Rush County, Indiana:

Come now the undersigned and respectfully submit to your Honorable Body that more than fifty (50) of the undersigned petitioners are resident free-holders and voters of Anderson Township, Rush County, Indiana, and that said Anderson Township does not contain an incorporated town or city of 30,000 inhabitants. Your petitioners further represent that there is now and has been for a number of years, a public highway in said Township described as follows:

Beginning at the southeast corner of section 23, township 12, north, range 10 east, and running thence north along the line dividing sections 23 and 24 in said township and range to the northeast corner of section 23, township and range aforesaid, said highway being approximately one mile in length and connects at each end with an improved free gravel and stone road; that a United States Rural Mail Route and free school transportation route passes over and along said highway; that said petitioners further represent that said highway, as above described, should be graded, drained and paved to its present width with stone, except that the portion of said highway south of the bridge over Little Flat Rock and affected by high water, should be paved with concrete, such portion which should be paved being approximately 750 feet in length; that when said highway is so graded, drained and paved the same will be of public utility and your petitioners pray that said highway be so improved.

Fred Shelhorn John E. Harrison, Eph. Euell, George Power and 104 others.

Said petition will be presented to the Board of Commissioners of Rush County, Indiana, on Monday, the 7th day of March, 1921.

PHIL WILK, Auditor Rush County.

Samuel L. Trabue, Atty for Petitioners. Feb. 14-21

NOTICE TO NON-RESIDENT.

The State of Indiana, Rush County. In the Rush Circuit Court, February Term, 1921.

Morton Gordon. vs. Minnie Ruth Gordon. Complain No. 2307.

Now comes the plaintiff, by J. Q. Thomas, his attorney, and files his complaint herein for divorce, together with an affidavit that the defendant, Minnie Ruth Gordon is not a resident of the State of Indiana.

Notice is therefore hereby given said defendant that unless she be and appear April 6, 1921, at the court house in Rushville, in said County and State, and answer or demur to said complaint the same will be heard and determined in her absence.

In witness whereof, I hereunto set my hand and affix the seal of said court, at Rushville, this 12th day of February, A. D. 1921.

LOREN MARTIN, Clerk.

Feb. 14-21-28-Mar7

NOTICE OF FINAL SETTLEMENT OF ESTATE

Notice is hereby given to the creditors, heirs and legatees of Richard Glover, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 26th day of February, 1921, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship, and receive their distributive shares.

Witness, the Clerk of said Court, this 4th day of February, 1921.

De Laval cream makes the best butter

WHETHER you make butter yourself or sell butter-fat to a creamery, the value of your cream depends largely on the kind of butter it will make.

It is easy to prove that De Laval cream makes better butter. Every first prize awarded at the Convention of the National Buttermakers' Association since it was started twenty-eight years ago, has gone to butter made by De Laval users, or from gathered cream largely De Laval-separated.

The De Laval Separator is more sanitary; its bowl runs at lower speed and delivers the butter-fat globules unbroken. It is used in practically all of the world's creameries, because it gives not only more cream but better cream as well. And the fact that the De Laval runs at lower speed adds years to its life.

Let us demonstrate to you why the De Laval is the World's Standard Cream Separator

Sooner or later you will buy a
De Laval

SAYS HAYS IS ON THE DOUBTFUL LIST

Senator James E. Watson Returns From Florida After Conference With President-Elect

HOOVER STILL HAS CHANCE

Indiana Senator Back Much Improved in Health After Few Weeks Sojourn in South

Washington, Feb. 21.—Senator James E. Watson returned here today from a five-day sojourn with President-elect Harding at St. Augustine, Fla. His impressions in regard to the makeup of the Cabinet are both interesting and informative. Contrary to general belief it is not yet settled, Senator Watson says, that W. H. Hays is to be postmaster general, as Mr. Hays has not given his acceptance. The President-elect has taken the position that no member of his official Cabinet family shall be national chairman. He holds that the two positions should be kept entirely separate. He has a high opinion of Chairman Hays and tendered him the postmaster generalship in the hope that he could see his way clear to give up the chairmanship. Mr. Hays still has the matter under consideration. Senator Watson says Herbert Hoover has the best chance of appointment as secretary of commerce. The President-elect is smoothing out in advance possible antagonisms that might be created by appointing Hoover.

Notwithstanding reports to the contrary, it is not certain that Sen. Albert B. Fall of New Mexico will be secretary of interior. The appointment lies between Fall and ex-Senator George Southernland of Utah.

One week ago last Saturday Mr. Harding sent a long telegram to Frank O. Lowden at San Francisco, Cal., urging him to withdraw his declaration of the secretaryship of the navy. Last Monday Lowden wired back, tendering his thanks, but renewing his declaration. Senator Watson thinks A. T. Hert of Louisville will be appointed secretary of the navy.

James Davis of Pittsburgh, Pa., formerly of Indiana, will be secretary of labor says Senator Watson. The remainder of the Cabinet slate as heretofore lists Mellon for secretary of war, Daugherty for attorney general and Wallace for secretary of agriculture. This is the latest Cabinet information direct from an authoritative source.

Senator Watson said that Harding has not given consideration to any lesser appointments than Cabinet officials.

Senator Watson went to Florida for his health and returns much improved.

Representative Will R. Wood of Indiana has received a telegram from President-elect Harding asking him to come to St. Augustine, Fla., for a conference. Mr. Wood is chairman of the House conference on the Legislative appropriation bill which is now shaping the bill in its final stages and he has wired the President-elect that it will be impossible for him to leave Washington for some time. It is supposed the President-elect desires to confer with him on matters of appropriations and finances.

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Without the Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole. Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister. Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

BUY YOUR BREAD AT HOME

Weakley's MILK MADE and BIG BEN Bread

Do you know that last year we spent \$18,958.60 in our town for labor, etc.?

Do you know we have the same bakery equipment as the large corporations?

Does that mean anything to our town? Wouldn't it be a better policy to spend your money at home rather than spend it out of town? We know our bread is just as good. Try a loaf and compare them, note the flavor of our bread, as we use only the best of flour, plenty of sweet milk, sugar, salt, lard and yeast, thus giving the bread the good wheat flavor and a creamy appearance. We will not use corn starch bleacher to make white bread and kill the flavor.

Ask your grocer for a loaf of Weakley's Milk Made or Big Ben Bread with the Milk Made wrappers and the Big Ben labels. If your grocer can't supply you, call 1419, we will.

"OUR TOWN"

Praise it.

Improve it.

Talk about it.

Don't knock it.

Trade at home.

Take a home pride in it.

Remember it is your "HOME."

Trade and induce others to trade here.

Support your local institutions that benefit your town.

THINK ABOUT IT

W. W. Weakley Bakery

SEVERS CONNECTION WITH PEACE TREATY

Withdrawal of American Representation on Reparation Commission is Final Act

TROOPS TO BE WITHDRAWN

Paris, Feb. 21.—Withdrawal of American representation on the reparation commission, formally announced by Roland Boydon, has severed the last official connection of the United States with enforcement of the treaty of Versailles.

American troops still remain in the Coblenz area but their position there is regarded as diplomatically untenable and they are expected to be ordered home at once.

Their abandonment of that section of the Rhine district, it is expected will mean that their place will be taken by French soldiers. Occupation of the Coblenz area by French troops will permit France to make another military demonstration against Germany in keeping with the warning sounded by Premier Briand last week.

JAM THREATENS THE LEGISLATURE

Continued from Page One
instead of \$1,000 yearly.

Various proposed steps to make the Indiana prohibition law "bone dry" and putting near beer saloons under city regulation.

Several bills to change the educational laws of the state.

A concurrent resolution adopted by the house and pending before the senate calling upon the state board of accounts to investigate the duties of every county official in the state and recommend a new salary scale for these offices to the 1923 legislature.

The time limit for introducing bills in the house is passed, but more expected to be presented in the senate. Up to today, 773 bills had been placed in both houses, 462 in the house of representatives and 311 in the senate.

TRY A WANT AD

FIRST SEED CORN BATCH TAKEN OFF

Continued from Page One

went into the crib too sappy last fall to stand the freeze which came the middle of November. Consequently there are a great percent of frozen germs and weak seed which can only be detected by careful selection and testing.

A seed corn tester is being installed in the Manilla high school by Carl Miller, Vocational Agriculture teacher, in connection with his vocational work and farmers in that community should get in touch with Mr. Miller if they want corn tested. For early indications are that there will be a big demand for the work and it will be impossible to take care of all applications.

BODY ENROUTE HOME

Word was received here today that the remains of Arthur B. Irvin, who died in a hospital in Los Angeles late Friday, will arrive in Rushville on Thursday morning. The funeral arrangements will be announced later.

Fact's About the Bible.

The Lookout prints the following information about the Bible: "The Bible contains 3,596,480 letters, 810,697 words, 31,175 verses, 1,189 chapters, 66 books. The longest chapter is Psalm 119, and the shortest is Psalm 117. This is also the middle chapter. The middle verse, however, is Psalm 118:8. The longest name is in Isaiah chapter 8."

In Girlhood, Maidenhood, Motherhood

A prescription which Dr. Pierce used fifty years ago—is still the best tonic for weak women. Every druggist in the land sells Dr. Pierce's Favorite Prescription in tablets or liquid. South Bend, Ind.—"In my young girlhood I became frail and delicate. Dr. Pierce's Favorite Prescription regulated me and strengthened me as well as proving excellent as a nervine. I will always praise this medicine for I know it benefited me at a very critical period and I recommend it to all girls who are ailing." — Mrs. Samuel Romine, General Delivery.

TO JOIN IN A CONFERENCE

Combined Quarterly Meeting at M. E. Church Here Wednesday

A combined quarterly conference will be held at St. Paul's Methodist church on Wednesday from 10 a. m. to 3:30 p. m. The charges involved in this gathering will be New Palestine, Morristown, Arlington, Carthage, Glenwood, Milroy, Milroy circuit, Clarksburg and Rushville. A program to be participated in by all the pastors and some laymen has been arranged, dealing with the Centenary, the church paper, the Sunday school, and evangelism. At 2:30, the Rev. W. M. Whitsitt, formerly pastor at Rushville, now superintendent of the Greensburg district, will preach. The Ladies Aid society of the local church will serve lunch at noon. The district superintendent, Dr. J. M. Walker, will preside. The public is invited.

COMMISSION IS UPHELD

Three Judges Rule on Power of Interstate Commerce Commission

(By United Press)

Indianapolis, Ind., Feb. 21.—A concurrent opinion of three judges sitting in federal court today in effect upheld the power of the interstate commerce commission over the railroad traffic within Indiana.

The decision was rendered under the Esch-Cummins transportation act. It granted the petition of the Baltimore-Ohio railroad for an injunction to restrain the Indiana public service commission from interfering with the interstate commission in collecting increasing intrastate passenger and freight rate under the order of the commerce commission.

SNOW IN THE EAST

Washington, Feb. 21.—With seven deaths reported train and telegraph service brought to a standstill and shipping along the coast completely tied up, New England endeavored to uncover rom a heaviest snow fall since 1898. Four of the seven deaths were fishermen who were swept overboard during the storm.

GERMANY ADMITTED TO LEAGUE MEMBERSHIP

Has Been Invited to Sit at International Conferences Wherein German Interests are Concerned

CONFERENCE NEXT MONTH

Paris, Feb., 21.—Germany was admitted to membership in the league of national technical organizations. The league council at the opening of its sitting here invited Germany to participate in the international transit conference at Barcelona next month thereby inaugurating the policy of admitting her to all technical classes pending her actual admission to the league of nations.

Germany and the United States again were the leading figures when the council of the league reconvened. Neither country was represented but the debate largely concerned means of admitting Germany and the persuading of the United States to join. Members of the council indicated belief that Germany's obligations will be determined finally at the London conference this week.

Women Give Out

Housework is hard enough when healthy. Every Rushville woman who is having backache, blue and nervous spells, dizzy headaches and kidney or bladder troubles, should be glad to heed this Rushville woman's experience:

Mrs. Luther Wyrick, 1016 N. Arthur St., says: "Several years ago I was in bad shape with my kidneys, caused from heavy housework. My back was lame and sore and I couldn't stoop on account of the sharp twinges in my back and loins. My kidneys were weak and always felt dull and heavy. They didn't act right, either. I heard of Doan's Kidney Pills at that time and purchased a box at Pitman & Wilson's Drug store. They soon relieved the trouble. Since then I have used them as a kidney tonic with satisfactory results."

JURY GETS CASE OF FRANK HUTSON

Young Man Charged With Vehicle Taking Was on Trial Today in The Circuit Court

PARTNER PLEADED GUILTY

Kenneth Wright Says He Didn't Know That Vehicle Taking Was Same as Vehicle Stealing

The fate of Frank Hutson, Jr., charged with vehicle taking, was in the hands of the jury all afternoon and shortly after three o'clock the jury had not returned a verdict, after having the case shortly before noon.

Hutson and Kenneth Wright, both 18 years old, were charged jointly with vehicle taking, and were placed in jail early last week, and after being arraigned, Wright pleaded guilty and Hutson, not guilty.

It was understood at that time that Wright had deserted the navy, and word was received from authorities at Hampton Roads that he had left, but was not wanted back, being listed as an undesirable, and that his papers bearing a dishonorable discharge would be mailed within a few days.

Wright was among the witnesses this morning who testified, and stated that when he pleaded guilty to vehicle taking, he did not know that it meant vehicle stealing. He said that he was accustomed to taking the machine, which belonged to Albert Pea, and on this particular night, he said he did not have any intention of stealing the car, but was going to return it.

Wright testified that he took the machine in order to take Hutson up to Raleigh, where another machine was waiting there, which Hutson said he was going to drive through to Hamilton.

Hyman Schatz, a local bank dealer, stated that he had offered Hutson \$5 to drive the car at Raleigh to Hamilton, O., and that it was the property of Schatz, and was not a stolen car, as stated previously and which was at first said to be one by Wright.

The testimony in the case showed that the car, upon which the charge was filed, was not even cranked, and was moved out of the garage in an alley, for a short distance, and became stranded in the mud. The decision of the jury was based around this fact, as to whether or not the intentions of the two young men were to steal the machine.

A jury was obtained in short order this morning and the first twelve men qualified. The case was given over to the jury at 11:45.

The jury consisted of Charles Winslow, Harry Clifford, William

HAAGS PAY \$21,992.52 FINE IN LIQUOR CASE

Indianapolis Druggists at State Penal Farm Square up Their Account With Government

EACH FINED \$10,600

Indianapolis, Ind., Feb. 21.—Fines and costs amounting to \$21,992.52 were paid to the United States government today by Julius A. Haag and Louis E. Haag, through their representative, Dr. C. W. Mendenhall. The money was paid to Mark Storen, United States marshal.

The Haag brothers, proprietors with their nephew, Herbert Haag, of the Haag Drug Company, are serving a sentence of thirty days at the State Farm, imposed by the Marion county criminal court for violation of the state prohibition law before their arrest by the federal authorities on charges of violating the federal prohibition statutes. On the latter charge they were found guilty and sentenced by Judge A. B. Anderson to the Federal Penitentiary at Atlanta for eighteen months, and fines were imposed of \$10,600 each. They served only six months of their time at Atlanta, however, as they were paroled by the prison board at the expiration of the minimum one-third of their sentence.

ADDRESSES HIGH SCHOOL

Bishop F. D. Leete Gives Talk Before Assembly This Morning

Bishop F. D. Leete, of Indianapolis, addressed the members of the Rushville high school this morning at 8:30 o'clock. In his speech he emphasized the necessity of good scholarship and efficient work. Other guests of the school were Dr. J. M. Walker, superintendent of the Connersville district of the M. E. church, Rev. C. S. Black, pastor of the St. Paul's M. E. church and Robert E. Mansfield.

Following the address the local high school celebrated the winning of the county tournament by the local high school basketball team. Impromptu speeches and yells were the features of the celebration.

TWO BILLS KILLED IN HOUSE TODAY

One Seeking Abolishment of State Department of Banking and Insurance Is Lost

ACTION FOLLOWED REPORTS

Bill to Repeal the Law Providing For Primary Elections and Conferences is Also Killed

Indianapolis, Ind., Feb. 21.—The house of representatives today killed the bill to abolish the state department of banking and insurance, and the bill to repeal the law providing for the holding of primary elections and political conferences.

It also defeated an effort to indefinitely postpone the measure sponsored by Representative Barker of Boone county, which would abolish the board of trustees of the state normal school and universities, and create a central board of control. Action on all three of these measures came on committee reports.

The majority of the committee of Judiciary A recommended indefinite postponement of the Barker measure but the house adopted the minority report recommending passage.

The primary and election repeal measures introduced by Willis of Dekalb county when it was recommended for indefinite postponement, received not a dissenting vote.

Senator Joseph Cravens presented a motion in the senate calling for the state boards of accounts to make public immediately its report to the office of the auditor of state. Action on the motion was deferred when a motion of adjournment was made. The report covers the last year of the term of Otto Klaus, auditor, and is understood to have been in the hands of the board for some time.

While the house voted to kill the banking and insurance bill the senate approved the bill to increase salaries of departments head from \$3,000 to \$5,000 a year, the vote being 32 to 9.

An attempt to bring about taxation of fraternities and sororities failed in the senate after a discussion lasting more than an hour. The endeavor was made in the majority report of the finance committee exempting the Indiana salvage board from taxation, which was presented with a rider affecting fraternities and sororities. The senate accepted the minority report of the committee.

FOUR MEN KILLED

Cleveland, Ohio, Fe. 21.—At least four men were believed crushed to death when a wall of the third story of the Masonic Temple building collapsed today. The four men were in an office on the lower floor of the building which is being razed. Workers said more men may have been caught by the falling debris.

HAVE SPECIAL MEETING

The Pythian Sisters will hold a special practice Wednesday evening, at which time all of the officers, and team, is expected to be on hand, preparing for the meeting here on March 3, when the Connersville lodge will have a class here for initiation.

ROTARY CLUB TO BE REPRESENTED

Members of Local Organization Leave Today For Evansville to Attend District Conference

STATE CLUBS ANNUAL EVENT

First Time in History of Conference All Guests Will be Seated in Same Banquet Hall

The Rushville Rotary club will be represented at the annual district conference of Rotary clubs opening at Evansville today and continuing until Tuesday evening. The eleventh district is composed of all the clubs in Indiana—forty-five in number.

The local delegation was composed of L. L. Allen vicepresident and Mrs. Allen; Roy Harrold, secretary, and Lee Pyle. With the exception of Mr. Pyle, the Rushville Rotarians left this morning at 10:48 and boarded the special Pennsylvania train carrying the Indianapolis club and leaving Indianapolis at 12:15. Mr. Pyle went to Louisville Saturday and expected to reach Evansville today for the conference.

Evansville has arranged a big two day and two night program, a feature of which will be a unique banquet, the first ever given at a state meeting where every one will be seated at the same time in the same room. Heretofore the banquets have had to be given in three to four different places to accommodate the crowd, but Evansville with its municipal Coliseum will seat 1440 on the main floor. The visitors and local club with their ladies will assemble in the Coliseum at 5:30 and be ushered to seats in the spacious balcony. An organ concert by Rotarian James R. Gillette of the Evansville club, a noted organist and composer, on the \$50,000.00 municipal organ, the fifth largest in the country, will begin at 5:45.

Around 6:30 at the signal, all will form and march down to the main floor, leaving their coats and wraps in the seats they occupied, the coupon being the check numbers, over which Boy Scouts will keep an open eye.

The immense stage will be used for stunts, there will be real ones too, the exact program being kept secret; a few short snappy talks and a heap of fun, the affair lasting until train time when autos will take

APPOINTMENT WAS TO BLOCK JUSTICE

Rep. Welty, Declares Judge Landis Was Appointed by Baseball Leaders on Account of Lawsuit

WOULD FAVOR THE WHITE SOX

Washington, Feb. 21.—Direct charges that baseball magnates appointed Judge Landis of Chicago, as national arbitrator of the baseball league to defeat the suit against the White Sox, players was made today by Representative Welty.

Welty was before the house judiciary committee which opened investigations of the impeachment charges brought against Landis by the committee.

Welty said, "His appointment was a plain attempt to block justice. Organized baseball named him in hopes that action would stop prosecution of the Chicago White Sox players indicted for gambling and the \$200,000 anti-trust suit brought against the national American league."

Several members of the committee indicated by their questions that they saw no ground for Welty's charges. Chairman Volstead and Welty clashed several times each saying that they had been insulted by the other.

Volstead at one time told Welty to "stop making a speech and give us some facts."

DAUGHERTY APPOINTED

St. Augustine, Fla., Feb. 21.—President-elect Harding has asked Harry Daugherty, of Ohio, to be attorney general, it was announced today.

FIRST SEED CORN BATCH TAKEN OFF

County Agent Ball Urges Farmers to Investigate Seed, as Conditions Are Not Considered Good

FARMERS LIMITED TO FIVE BU.

County Agent Will Test Approximately 200 Bushels This Season, it is Estimated

The first batch of seed corn being tested by the county agent at his office in the court house was taken off Saturday and the testing will be continued up until the planting of corn begins the latter part of April or the first of May.

About thirty bushels of seed can be tested each week by the county agent, seven days being required for the process. The county agent expects to test approximately two hundred bushels this year due to the fact that the work was started a few weeks earlier than last year when 150 bushels were put through the test.

Each farmer is limited to five bushels, but many farmers whose seed was tested by the county agent last year, are doing their own testing this year, thus making room for the farmer who has never had any experience in the work. Some farmers have called at the county agent's office and obtained data on the method used by the county agent and will test their own seed at home.

"Farmers would do well to look to their seed corn at once for the condition of the seed is not as good as might be generally supposed," County Agent Ball announced after having read the test of the first 300 ears at the testing plant Saturday.

"Four percent of the ears tested were found to be dead," continued Mr. Ball, "not one grain out of six having germinated. And 36% proved partially dead or too weak in vitality to be fit for seed. Ten percent of the ears were found to be diseased. This makes a total of 26% unfit for seed."

Because of a wide report of a bumper crop of corn last fall many farmers did not see to getting in a supply of early selected seed and counted on taking their chances with seed selected from the crib this spring. Elevator men report that corn is testing as high as 20% moisture, which means that corn

ALLIED STATESMEN SEE FEW PROSPECTS

Gathered in London For Meeting They See Chance of Germany's Bill Being Rediscussed

OTHER MATTERS DISCUSSED

London, Feb. 21.—As allied statesmen gathered here today there was a prospect:

That Germany's bill will be rediscussed; that the French cabinet may be overturned if that bill is lightened that the future relations between France and Great Britain will be finally determined; that Turkey and Greece may adjust territorial claims and proclaim peace.

Statesmen who declared as impossible charges as to the split between France and Great Britain and admitted that they saw no chances of reconciliation views of Premier Briand and Lloyd George in regards to Germany.

Briand has been warned that his cabinet probably will be overturned if he consents to a count in the bill of \$55,000,000,000 presented to Germany. His desire is to see Germany compelled to pay in full. Lloyd George has declared that a bankrupt Germany means a bankrupt Europe and is willing to consider the just demands of that country.

Briand undoubtedly will be succeeded by former Premier Pointerre if he fails to win his point to the London conference. Pointerre stands firmly for making Germany pay in full and is back of Marshal Foch's plan for further military occupation of that country.

GRAND JURY IN SESSION

Meets Tomorrow For a Two Day Program of Investigations

The grand jury, which has been called for service Tuesday, will probably be busy two days before they conclude their investigations, is the opinion of Prosecutor Stevens. Several matters will be taken up by the investigators, as it has been two months since a grand jury has been in session here.

Three federal prohibition agents, L. A. Kidder, George Winkler and R. H. Abel, all of Indianapolis, have been summoned to appear here tomorrow, and it is likely that the booze runners automobile will be investigated first.

STEAM RAILWAY RATES ADVANCED

Rushville People Will Find 20 Per Cent Increase in Fares Within The State on Wednesday

FREIGHT RATES GO UP

Passengers on Steam Lines Will Pay \$1.55 to Indianapolis Instead of Present Rate of \$1.29

The cost of traveling within the state of Indiana on steam railroads will be increased twenty percent effective Wednesday, and local railroad station agents today were figuring up the new tariffs that will go into effect on that date.

The twenty percent increase will mean that the present rate of \$1.29 to Indianapolis will be advanced to \$1.55, which is one way and a like sum for the return trip.

In other words a new passenger rate authorized by the Interstate Public Service Commission of the United States will go into effect on all of the steam lines in Indiana and on the lines of a number of other states of which refused to grant the full advance in ticket, freight, excess baggage and milk rates authorized by the Interstate Public Service Commission.

The present ticket rate for steam railways in Indiana is now 5 cents a mile, whereas the new rate will be 2.6 per mile. The six-tenths of a cent advance was refused by the Indiana Public Service Commission, but it was recently authorized by the Interstate Public Service Commission. When the latter commission authorized a forty per cent advance on freight, excess baggage and milk rates last August the Indiana Public Service Commission allowed by 33 of the advance, but now the Interstate Public Service Commission has authorized the full forty per cent advance in Indiana and some other states, which will go into effect as above stated, when the rates will be effective throughout the nation.

While the conflicting passenger rates were in effect passengers in Indiana and other states in which the state public service commissions refused the full advance authorized by the Interstate Public Service Commission took advantage of them by buying tickets to state lines and getting on the trains and buying other tickets. For instance, Indiana passengers who desired to travel into Kentucky would buy tickets to Jeffersonville at the 3-cent rate and in Louisville would leave the trains and buy other tickets which would take them to their destination, paying for them the advanced rate of 3.6 cents, thus saving the advance from the starting points to Jeffersonville.

The same thing also applied here to people buying tickets to Hammond, and from there would buy tickets on to Chicago, saving six tenths of a cent on each mile, but under the new rates there is no chance to make a saving by buying to the state line.

BLIZZARD IN NEW YORK

New York, Feb. 21.—New York today was "digging out" after the biggest blizzard since 1900. The snowfall was 12 1/2 inches and it was accompanied by a 35 mile wind. Today the weather was clear and cold. Death of ten persons was ascribed to the blizzard.

JAM THREATENS THE LEGISLATURE

Despite Admonitions to Speed up Work, Legislators Face Much Unfinished Legislation

THIRTEEN DAYS REMAINING

Both Houses Make Exceptional Progress But Vast Majority of Bills Are Not Disposed of

(By United Press)

Indianapolis, Ind., Feb. 21.—Despite repeated admonitions to speed up their work, members of the seventy-second general assembly faced a last minute jam such as has characterized past legislatures when they convened here today with thirteen days of the present session remaining.

There was a scramble among both senators and representatives seeking to steer their pet measures past the pitfalls and bring them out on top in the final shuffle.

Both houses, according to Governor McCray and other republican party leaders, have made exceptional progress thus far. But the governor urged the members Saturday to "drop all" ballast and throw her in high "during the remaining days, always giving each measure careful consideration.

Many of the legislators want to go to Washington March 4 to see Warren G. Harding inaugurated president and they all realize that if they don't clean the slate before that time, they won't be able to do so. Governor McCray also wants to make the Washington trip, but he has said he cannot go unless early adjournment is taken.

A vast majority of the bills introduced thus far still must be disposed of. Apparently it will be necessary to take these up in rapid fire order or else resort to the omnibus plan of considering several measures by one vote, a practice severely condemned by Lieutenant Governor Branch. Pending matters also can expire peacefully with sine die adjournment.

There are numerous measures still before one house or the other, but the most important ones awaiting action deal with:

Legislative reapportionment of the state.

Specific Appropriations totaling over \$2,300,000.

Deficiency Appropriations of \$969,600.

Proposed reinstatement of the German language as a subject in Indiana schools.

The administration tax bill and other taxation measures including special school levies.

A proposal to increase the salaries of the legislators from \$6 to \$12 a day, granting the speaker of the house \$10 daily during the session and the lieutenant governor \$2,000

FINAL SUMMONS FOR MRS. ETHEL L. CARDER

Anderson Woman, Sister of Mrs. Will M. Frazee and Mrs. Dan Matlock, Dies Saturday

BURIAL TUESDAY AFTERNOON

Mrs. Ethel L. Carder, age 40 years, wife of Frank Carder, of Anderson, Ind., died Saturday night at ten o'clock at the Sexton hospital in this city, death being caused from complications arising from an operation. Mrs. Carder was the sister of Mrs. Will M. Frazee and Mrs. Dan M. Matlock of this city, and was well known here.

Her body was removed Sunday to the late residence in Anderson, where the funeral services will be conducted Tuesday afternoon at two o'clock with interment in the cemetery at Anderson.

Besides the husband, she is survived by her mother, Mrs. Frances N. Hillgoss of Anderson, a sister Mrs. Charles S. Parkhurst and a brother Ralph Hillgoss, both of Anderson, and the two sisters mentioned above who reside in this city.

Too Much For Coal

Your coal is too expensive if there is a great amount of clinkers or slate when you empty your ash pan. In such a case you are paying for heat you do not get.

Campbell's Creek Coal will not clinker. It is free from slate and other impurities. The fine pulverized ash gives proof that all the heat has been consumed. The coal is large and blocky. It burns freely, yet slowly with a long brilliant flame which gives an intense concentrated heat.

J. P. Frazee and Son

Public Sale!

We, the undersigned, will sell at public auction on the Elizabeth M. Myers farm, 2 1/2 miles northeast of Milroy, 7 miles southeast of Rushville, 7 miles southwest of New Salem and 4 miles northwest of Richland, on

WEDNESDAY, FEBRUARY 23, 1921

The following property, sale to commence at 12:30 o'clock.

4 Head of Horses 4

One bay gelding, 7 years old, sound, good worker; one black gelding 7 years old, sound, good worker; these horses will weigh around 1500 pounds each; one bay 4-year-old mare, sound and good worker; one bay 4-year-old gelding, sound and good worker, will weigh each about 1300 pounds.

2 Good Jersey Cows — 3 and 4 years old.

10 Brood Sows 10

Eight tried sows and two gilts, due to farrow the last of March; 6 pure bred Big Type Poland China, 4 pure bred Duroc Jersey. All hogs double immune.

40 Fall Shoats 40

800 Bushels of Corn in Crib 800

4 Tons of Extra Good Timothy Hay 4

FARM IMPLEMENTS—One Birdsell wagon with box bed, complete with sideboards and scoopboards good as new; one flat bed; one Galo breaking plow; one 1-row John Deere riding cultivator; one United States cream separator, and other articles.

TERMS—All sums of \$25.00 and under, cash; on above that amount a credit till August 1, will be given, said note to draw interest at the rate of 6 per cent from date. Settlement to be made with clerk. 2 per cent discount for cash.

ELIZABETH M. and W. W. MYERS

DUSTY MILLER, Auctioneer. EDGAR THOMAS, Clerk.

DISSOLUTION SALE!

We, the undersigned, will sell at public auction 1 1/2 miles southwest of Knightstown, on the old State road, commencing at 9:30 a. m. sharp, on

THURSDAY, FEB. 24, 1921

the following personal property:

35 Head of Horses

One pair of 6-year-old dapple gray mares, weight 3000; 1 pair of 7 and 8-year-old bay mares, weight 3200; 1 pair of 4-year-old brown mares, weight 2900; 1 pair of 3-year-old sorrel mares, weight 3100; 1 pair of 4 and 6-year-old black mares, weight 3000; 1 pair of 6-year-old dapple gray geldings, weight 3100; one eight-year-old roan mare, weight 1500 pounds; 1 pair of 4 and 6-year-old sorrel geldings, weight 2900; one 7-year-old bay mare, weight 1650; one 9-year-old sorrel mare, weight 1740; one 6-year-old bay mare, weight 1520; one 6-year-old gray mare, weight 1500; one 6-year-old gray mare, weight 1550; one 6-year-old black gelding, weight 1500; one 4-year-old sorrel mare, weight 1450; one 6-year-old gray mare, weight 1650; one 6-year-old brown mare, weight 1550; one 5-year-old sorrel mare, weight 1550; one 4-year-old sorrel mare, weight 1450; one 6-year-old bay gelding, weight 1450; one 4-year-old roan gelding, weight 1500; one 6-year-old black mare, weight 1600; one 3-year-old black mare, weight 1400; one 4-year-old bay mare, weight 1350; one 4-year-old bay mare, weight 1500; one 4-year-old bay gelding, weight 1150; two 2-year-old colts. All the above horses are good broke and extra good workers. This is positively the best bunch of horses I have ever offered to the public and you will agree with me when you see them.

PROMINENT MEN SANCTION DRIVE

T. R. Marshall, Will Give His Influence to The 1921 Indiana Service Program of S. A.

NEW PLAN IS APPROVED

County Advisory Councils are Being Endorsed by Many People—McCray Honorary Chairman

Indianapolis, Ind., Feb. 21.—Thomas R. Marshall, vice-president of the United States, has given his name and influence to the 1921 Indiana Service Program of The Salvation Army.

Word from Mr. Marshall, at Washington, to Brigadier George F. Casler, of Indianapolis, The Salvation Army's Indiana Commander, expressed the Vice-president's interest in the County Advisory Board plan as it is now being worked out in Indiana, registers hearty endorsement of the program and accepts membership on the State Committee. Governor Warren T. McCray is Honorary Chairman of the State Board which has just been organized. Others, who have endorsed the plan by serving on the State Board, are Charles A. Bookwalter, former Mayor of Indianapolis, Dr. Carleton B. McCulloch, former Governor Samuel M. Ralston, L. Russell Newgent, State Adjutant of the Indiana Department, The American Legion Secretary of State, Ed Jackson, Elmer Gay, Arthur V. Brown, Mrs. Maude Lucas Rumpel, President of the Indiana Federation of Women's Clubs, and Mrs. Wolf Sussman.

The State Board's stamp of approval on the organization of the 1921 Service Program for Indiana is made heavier by rapid enrollment of the citizens of the state as members of the County Advisory Boards now being formed in every section. Thirty-five counties have lined up and almost 500 Indiana men stand ready to serve The Salvation Army by acting as its representatives through service on the County Advisory Boards.

Members of these County Advisory Boards include the most representative and influential citizens in their communities. In addition to other duties, they are conducting a study of their local conditions of social welfare and relief. They are compiling data from this study and will place it in the hands of The Salvation Army, so that the machinery may be set in motion to handle the individual cases through the Army's remedial institutions. The members of these County Boards serve in an advisory capacity to The Salvation Army in conducting the work. The State Advisory Board acts as an advisor in a larger sense and over a wider scope.

The Salvation Army, through its 1921 Service Program for the people of Indiana, will continue to aid the unfortunate, poor and the sick; something it has been doing for the people of the state for forty years, but principally in the larger cities or more populous areas.

In addition now, through the County Advisory Board plan, it will extend the scope of its activities to every corner of Indiana. Securities prove that the origin of much of the social distress in the cities can be traced to smaller communities. The Salvation Army of Indiana, now by means of its advisors in each county, will seek to get at the source of this distress and act toward checking it before it becomes acute.

Among the departments, through which The Salvation Army can serve the counties in Indiana, are the Industrial Home for Men, the Anti-Suicide Bureau, the placing of dependent orphan children, the Rescue and Maternity Homes, Emergency Department, Missing Friends Bureau and Boys' Friend Bureau.

MAN GIVES WIFE GLYCERINE MIXTURE

She had stomach trouble for years. After giving her simple buckthorn bark, glycerine, etc., as mixed in Adler-Like, her husband says: "My wife feels fine now and has gained weight. It is wonderful stomach medicine." Adler-Like acts on BOTH upper and lower bowel, removing foul matter which poisoned stomach and which you never thought was in your system. EXCELLENT for gas on the stomach or chronic constipation. Guards against appendicitis. The impurities it brings out will surprise you. T. E. Walcott, Druggist. (Advertisement.)

ELEVENTH HOUR RUSH TO GET BILLS THROUGH

With Less Than Two Weeks Remaining, Congress is Faced With Filibuster Threats.

"PET" MEASURES ARE WANTED

Washington, Feb. 21.—The eleventh hour rush to get legislation passed before final adjournment of congress is on today.

With less than two weeks of the present session remaining, members are demanding action on "pet" measures. Some of the hint at a filibuster to hold up appropriation bills unless they get it. In addition outside lobbyists continued a series of drives in an effort to force through measures in which they are interested.

Forces have got behind the packer legislation bill and the Capper Volstead bill exempting farm organizations from operation of the anti-trust law. They are also encouraging a filibuster on the part of congressional friends.

Women are urging the house to act on the maternity bill; railroads appealed for action on the bill to allow payment of part of the money due them under the guarantee clause of the transportation act; ex-service men want action on the bonus act and army men want their promotions sanctioned.

DRECO

For a weak Stomach Quick relief from gastritis, indigestion, nausea and nervousness.

DRECO—for young or old.
AT YOUR DRUGGIST

TO THE CITIZENS, TAXPAYERS AND SCHOOL PATRONS OF RICHLAND TOWNSHIP, RUSH COUNTY, INDIANA, AND ALL OTHERS CONCERNED:

THREE DAY COURSE TO OPEN

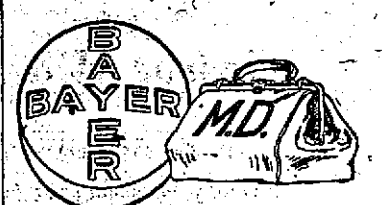

For Managers and Superintendents of Canning Factories

(By United Press)
Lafayette, Ind., Feb. 21.—Plans are complete for the opening of the three day short course for owners, managers and superintendents of canning factories at Purdue University tomorrow. Machinery to be used in the course has arrived and arrangements completed for the entire program.

The course will include lectures and demonstrations on the production of tomatoes and sweet corn for the canning factory, engineering problems relating to factory operation, the technique of canning, procession and closing machinery.

ASPIRIN

Name "Bayer" on Genuine

Take no chances with substitutes! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for millions of years and proved safe by twenty years of use. Aspirin only as sold in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monacetic-acidester of Salicylic acid.

Amusements

Louise Huff at Mystic

Louise Huff, who will be remembered for the many charming parts which she has played in recent pictures, is at the Mystic today and tomorrow in her very latest movie production, "What Women Want." This story gives Miss Huff many opportunities for the full exercise of her remarkable abilities. In the handling of serious roles, this young woman has met with remarkable success. Unlike many of her sisters on the screen, she works with a peculiar and subtle quietness and reserve. Film critics consider that Miss Huff has one of the most plastic faces that has ever been photographed before a motion picture camera. She can register the most subtle of emotions without the slightest evident effort.

In this production Miss Huff plays the part of a young French girl who comes to America only to find that the man to whom she has given her love, has played her false. Her affections are turned to hate, and through a train of circumstances, she soon has him at her mercy. The picture from this point on deals with the preparation of a complete revenge for her lover's duplicity. The picture finishes with a very dramatic surprise.

HAYDON SELLS THE MAJESTIC 292:3

FORESTRY MEETING AT CHICAGO FEB. 24

Interstate Conference Will Discuss a Forest Policy for Indiana and 7 Other States

GOVERNOR INVITED TO ATTEND

Conference in Chicago Follows Recognition by Union League Club of Need For Protection

Chicago, Ill., Feb. 19.—Indiana has been invited to send its governor and forestry officials to an interstate forestry conference at the Union League Club, Chicago, Feb. 24, when a forest policy for Indiana and seven other north central states will be discussed.

Col. W. B. Greeley, chief of the United States Forest Service, Col. H. S. Graves, former chief forester, and R. S. Kellogg, chairman of the National Forestry Program Committee will be among the speakers from the east.

The states invited to participate are Illinois, Wisconsin, Michigan, Minnesota, Indiana, Ohio, Iowa and Missouri. It is already certain that some official representative will be present from each, even though the governor himself is unable to attend.

It is the purpose of the conference to organize and put under way substantial programs of forestry in each state, along lines which will make the state policy conform to the federal forest program now being worked out. Ohio already has legislation before its legislature, and Wisconsin is in the midst of an active campaign for a thoroughly well defined policy. Wisconsin has already gone so far as to take preliminary steps for a state conference in March to put into effect the recommendations of the interstate conference at Chicago.

The conference in Chicago follows the recognition by the Union League Club of that city of the need for forest protection, if the great wood using industries of the middle west are to survive, and Chicago itself is the greatest lumber market of the world. The Chicago club was so interested in the forestry problem, not merely from a business standpoint, but from the general welfare of the nation, that it sent D. L. Goodwillie, a prominent box manufacturer, and W. L. Hall, a forest expert, to Washington to appear for the club at a hearing on national forestry measures.

The club recognized, however, the need for state cooperation so plans were completed for the interstate conference on state policies for the several states interested.

Under legislation now pending in Congress in the form of the Snell bill, federal aid will be given to states whose forest policies conform to those of the federal government, and it is to formulate state policies which will fit in with the federal program that Col. Greeley will be present to consult with the state officials.

The Snell bill formulates the policy of the U. S. Forest Service. The National Forestry Program Committee, which R. S. Kellogg will represent in Chicago, was formed of lumber and paper manufacturers, the American Newspaper Publishers Association, forestry associations, wood using industries, technical foresters and others to push its adoption.

The Union League in holding the Chicago conference of governors anticipates the formation of a permanent North Central States Forestry Conference, with two special purposes in view: First to encourage forestry education, organization and legislation in the states of this region, and second, to push the national forestry program.

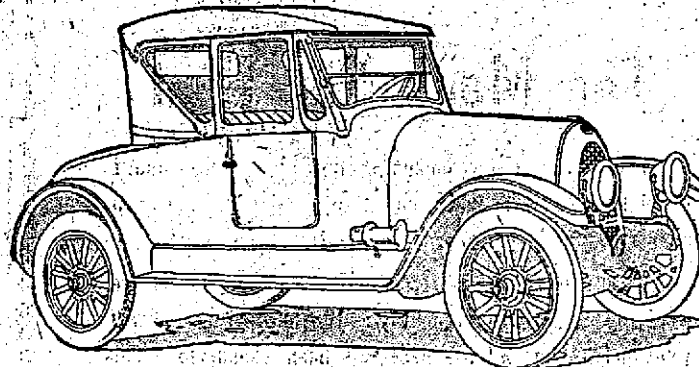

Colonel Greeley reaches Chicago Feb. 23 address the Chicago Association of Commerce at Noon, the City Club of Milwaukee that evening, and to address the governors conference and the Union League Club and other organizations Feb. 24.

LOCALS WIN FINAL AND THE TOURNNEY

Rushville High School Displays Un-
usual Form in Closing Game
of Invitational Tournney

MANILLA SMOTHERED, 38-13

Banner-Up Fights Hard all the Way.
After Having Earned Right by
Defeating Fairview

The invitational basketball tour-
ney held here all day Saturday, was
won by the Rushville high school,
when they defeated the fast going
Manilla quintet in the final game, 38
to 13.

The locals displayed exceptionally
good form and from the very start
had the best of things, and as the
game progressed, it seemed as if
they could score almost at ease.

Manilla earned the right to play
in the final game at night, when
they staged a comeback in the af-
ternoon game with Fairview, and
won out 23 to 16, after Fairview
had a slight advantage over them in
the first half, 9 to 8.

The red and black started the
game in whirlwind fashion, and
Manilla was given a chance first to
score on a foul shot, but Edwards
missed the shot. E. Headlee for
Rushville made the first score on a
long shot, and Edwards for Manilla
again had a chance to register a
foul shot, but missed.

Rushville ran the score up to nine
points, before Manilla scored, and
their first counter came on a foul
goal. In the first half Manilla lined
up two field goals and two fouls,
making six points while the Rush-
ville team had counted 19.

The visiting team fought hard all
of the way through, and the score
does not indicate what the locals
had to do in order to win, but it
happened that Rushville showed im-
provement with each game played,
and could have stood up for some
time.

The regular line-up for Rushville
was used throughout the tourney,
with the exception of five minutes in
the first game, so the locals could
be given a good endurance test, in
order to get into shape for the sec-
tional tourney.

In the last half of the game,
Rushville made another 19 points,
while in this frame Manilla made 7
points, three field goals and one
foul.

E. Headlee for Rushville, was
guarded closely throughout the
game, but this only proved to be an
opening for the rest of the players
to get through, which has always
proven the case, and L. Headlee and
Miller each registered four field
goals apiece, while Eakins contrib-
uted two shots in the first half.

M. Edwards for Manilla counted
11 of the 13 points for his team,
and Brown, center, made the other
two markers on a long shot from the
center of the floor.

Prof. A. M. Taylor awarded the
Rushville team a silver cup after
the final game. Last year the trophy
went to the Manilla team.

The final game on the schedule,
before the tournament, will be at
Richmond next Friday night, and a
hard game awaits the locals.

The score and summary:
Rushville (38) Manilla (13)
L. Headlee F Edwards
Miller F Baker
E. Headlee C Brown
Eakins G Meid
Frazee G Hutchens
Substitutions: Manilla Abel and
Copple. Field goals, L. Headlee 4,
Miller 4, E. Headlee 5, Eakins 2, M.
Edwards 4, Brown. Foul goals, Eakins
8 out of 9, Edwards 3 out of 6
Referee Case.

Original Meaning of "School."
While a school is now a place of
industry, it was not always thus. In
fact, the word itself is derived from
the Greek "schole," meaning leisure.
Probably this arose from the fact
that only people with leisure were
able to attend school.

WESTPORT WINS OUT IN THE FINAL GAME

Team Which Put Odd Fellows Out of
Running in Greensburg Tourney,
Wins The Meet Team

LOCALS PLAYED RAGGED BALL

The Rushville Odd Fellows
dropped a close game Saturday af-
ternoon in the district tourney at
Greensburg, when they were nosed
out by the Westport team 19 to 18,
and in this manner lost out of the
final game, which was easily won by
Westport from Greensburg, 42 to 17.

The Odd Fellows literally gave
the afternoon game away, after de-
feating the hardest team in the
tourney, the Milan aggregation in
the morning, and when the afternoon
game came, the Westport team took
advantage of Rushville's slowing
down, and tied the score, and won
by a lone marker.

In the first half the Odd Fellows
had a comfortable lead and then
with overconfidence, facing them,
they allowed Westport to gradually
creep up. It was a hard game to
lose, and Rushville could have
easily copped the tourney from
Greensburg.

The Greensburg team earned the
right to play in the final game, when
they defeated the Aurora team in
the afternoon by a lone point.

FAST TEAM HERE TUESDAY

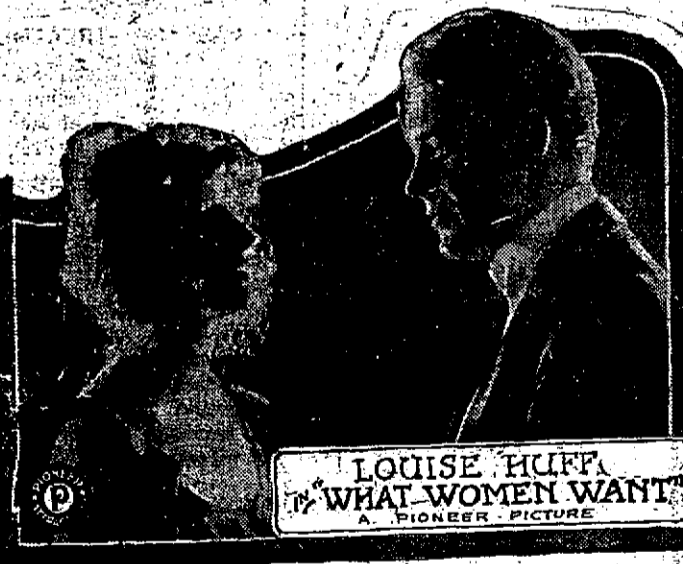

Newcastle Will Present Lineup of
Real Basketball Stars

The Newcastle Rose City Athletic
club, reputed to be a strong basket-
ball organization, will come here
Tuesday night to battle with the
Odd Fellows on the Modern Appli-
ance floor, and have sent advanced
word that they expect to take home
the victory. The line-up of the vis-
iting team includes basketball stars
from former high school teams of
Newcastle and Spiceland, as well as
former college players, and no doubt
will make the Odd Fellows step.

A preliminary game will be played
between the Raleigh Independents
and the Rushville Shamrocks, be-
ginning promptly at seven o'clock.

The Always Present class of the Main Street Christian church will meet tonight with Mrs. Laverne Farthing, at her home in West Seventh street.

Mrs. Nelle Ewbank of Falmouth had as her dinner guests Sunday Mr. and Mrs. Byron Biddutger, Mrs. Canady and Miss Loretta Seifert, of Connersville.

Mr. and Mrs. Leonard Alsop and daughter and Mrs. William H. Schmall were the dinner guests yesterday of Mr. and Mrs. Bert Wilson of near Richland.

The Pastor's Aid Society of the Main Street Christian church will be entertained tomorrow afternoon at the home of Mrs. G. P. McCarty 941 North Harrison street. The ladies are requested to bring their needlework.

Mr. and Mrs. Curtis Scholl entertained Sunday with a prettily appointed dinner party at their home in Falmouth. The guests were Mr. and Mrs. J. F. Scholl and daughter Miss Sarah of Orange and Mr. and Mrs. W. F. Saxon.

Mrs. John Jordan will entertain the members of her Sunday school class of the St. Paul's M. E. church Tuesday evening with the annual party at her home, 916 North Main street. All members of the class are cordially invited to attend.

The Ladies Aid society of the First Baptist church will hold their regular monthly business session on Wednesday afternoon at 2 p. m. at the home of Mrs. Robert Stewart in West Fifth street. All the ladies are urged to be present.

Mrs. George Whithan of West Jennings street delightfully entertained Sunday evening with a six o'clock dinner in honor of Mr. Whithan's birthday anniversary. Covers were laid for Mr. and Mrs. Ralph Pearsey and Mr. and Mrs. Harvey Cohe, and son Richard.

The Woman's Missionary Society of the First Presbyterian church will have an open meeting at the home of Mrs. J. T. Arbuckle, 114 East Seventh street, Tuesday afternoon promptly at 2:30 o'clock. At this time mite boxes will be taken. The ladies of the congregation are invited to attend this meeting.

A dinner-dance will be given at the Social club Wednesday evening and the women of the second division will have charge of the dinner. Club members are requested to have their dishes at the club house by one o'clock and to take salad plates. They are also urged to notify Mrs. Roy Harold or Mrs. George Helm if they will have guests. The Ki Barber orchestra of Indianapolis will provide music for the dance.

Mrs. Charles Worth entertained a number of guests yesterday at her home in East Seventh street, honoring her birthday anniversary. The table was beautifully decorated in roses and carnations. The out-of-town guests present for the affair were Mr. and Mrs. Don McSeely, Mr. and Mrs. Frank Sogleman and children, Mrs. Sarah Pollitt, Mrs. Sarah Lakin, Miss Louise Lakin and William Lakin, all of Indianapolis.

Mr. and Mrs. Charles Caldwell entertained with a bountiful pitch-in dinner yesterday at their home in North Julian honoring the eighty fourth birthday anniversary of Mrs. A. N. Newhouse. The guests were Alonzo Newhouse, Mr. and Mrs. James Newhouse, of near Gwynneville, Marshall Newhouse, Mr. and Mrs. John Cohee, Mr. and Mrs. Joe Stevens, Mr. and Mrs. Henry Schrader, Mr. and Mrs. Alva Newhouse and daughter Ruth, Rev. Charles Radcliff, of Connersville Mrs. Greely Mauzy and Miss Irene Abernathy.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "lumpy" and "heavy." Note how they clear clouded grain and perk up the spirits.

CONGRESS STILL

"INVESTIGATING"

During 66th Congress Resolutions Have Been Introduced Asking For 212 Inquiries

MANY SUBJECTS COVERED

It is Difficult to Figure Cost of These Probes Because no Two Are Conducted in Same Way

By RALPH H. TURNER
(U. P. Staff Correspondent)
Washington, Feb. 21.—"Investigating" continues to be one of the most popular pastimes of Congress. The cost of these investigations, one Senator announced the other day, has reached "scandalous proportions." He didn't indicate the exact extent of this cost. He didn't know. No one does.

There is one investigation yet to be ordered—namely the high cost of investigating.

But another investigation, conducted by the United Press, reveals that during the Sixty-sixth Congress alone (the present one) resolutions have been introduced asking for 212 investigations. Only sixty of these resolutions, it is true were passed, but the larger figure indicates that the Congressional penchant for investigating still thrives.

Every conceivable subject is covered in the "probes" which Congress desires. Here are a few of them:

Substitutes for railroad cross-ties. Socialistic activities in the Federal Trade Commission.

Alleged chemical treatment of foods.

Garden, city and suburb movement in Europe.

Feasibility of using saccharin as substitute for sugar.

Suspension of a Washington school teacher.

Discrimination against individual hackmen in District of Columbia.

The troubles bothering the American people are reflected to considerable extent by the number and nature of proposed investigations. Thus, the high cost of living is covered by at least a dozen different resolutions, touching upon every imaginable phase of that problem. The same is true of coal prices, ex-service men, the housing situation and Mexico.

Congress also is concerned with: The detention of Dr. William T. Ellis in Cairo.

A British embargo on the sailing of an Argentine steamship.

Acceptance of gifts by the President.

Incompetence and loss of prestige in the war.

Whether Henry Ford benefited from the improvement of River Rouge, Mich.

The prices of men's collars.

Income-tax dodging.

Some of the resolutions are never even voted on. Sometimes, the investigations are approved but never started. Sometimes, they start but are never concluded. Again, there are investigations which have been completed, but the result hasn't been announced.

It's difficult to figure the cost of these inquiries because no two are conducted in the same way. The cost will depend on the length of the investigation. In some instances, counsel is employed and must be paid. And then there is the expense of stenography and printing. Frequently, traveling and other expenses for witnesses must be paid.

CHARLIE CHAPLIN IS COMING BACK STRONG

Los Angeles, Feb. 21.—(Special Correspondence.)—Never in the history of the film world has anyone been the subject of such glowing tribute as is now being evidenced in the case of Charlie Chaplin.

Just at a time when folks were settling back and wondering just who would step forward and take the place of the inimitable genius, along comes Charlie himself with a six-reel feature production entitled "The Kid", arousing the public to such an extent that the past has been forgotten, and in even louder tones than ever before he is declared the greatest attraction in the amusement world.

Thousands of telegrams and letters are being delivered daily to Chaplin through enthusiastic film followers everywhere. Chaplin's return to the screen has supplied the throes of the nation with the biggest piece of theatrical news of all time and even the editorial pages have found in this artist's latest work material with sufficient dignity for comment.

While all are singing praises to Charlie, the comedy genius is quiet

ly going about his business preparing another film production at his magnificent studios in Hollywood.

Edna Purviance, one of the most charming young women in the film world, who has long been identified with Chaplin, will again be the head of the supporting company, and others who have helped to produce laughs with the great comedian in the past have rallied to his standard also.

Chaplin will endeavor to produce three two-reel subjects within the next six months this number being required to terminate his contract with Associated First National Exhibitors.

Later, Chaplin will become actively engaged as a member of the United Artists Corporation consisting of Mary Pickford, D. W. Griffith, Douglas Fairbanks and himself, and will produce only five-reel features.

ROTARY CLUB TO BE REPRESENTED

Continued from Page One
the visitors to their trains.

Special entertainment features will be provided for the wives of Rotarians. Automobile tours and a theater party were arranged for this afternoon and tonight at 8:13 Frances Alda will appear in a Grand Opera concert at the Coliseum. There will be a special luncheon for ladies tomorrow noon and a theater party in the afternoon. The conference closes with the banquet and stunt features.

There will be a spirited bowling contest between clubs, also volleyball matches, Monday evening. The informal ball is set for Monday evening at the Hotel McCurdy following the evening meetings.

Conferences on "Club Activities," "Meetings Between Neighboring Clubs" and "Work Among Boys" will be held for Rotarians tonight and there will also be a club executives conference at which internal club problems will be discussed. Tuesday morning will be taken up with a general conference session, the principal address at which will be made by Robert H. Timmons,

third International vice-president, of Wichita, Kan. One minute reports will be made by the president of each club. Special stunts and talks have been provided for the luncheon sessions at noon and in the afternoon another general conference and business session will be held, at which the district governor will be elected.

The Warsaw club has shot the name of their president, "Coonie" Schade, into the ring with a "Toot for Coonie" slogan. This crowd went to Evansville on the special train bearing Peru, Wabash, Goshen, Lafayette, South Bend, Michigan City and other clubs.

The Kokomo club has put up Judge Dick Wills as their candidate for the district governor candidacy to succeed Walter Pittsford of Indianapolis. Their slogan is "Stick with Dick."

Clubs of the central portion of the State will meet in Indianapolis at noon going via special train, to arrive in Evansville Monday evening around 5:30.

A Nervous Woman
Frankfort, Ind. — "When living in Kirkersville, Ohio, I took Dr. Pierce's Favorite Prescription. I was always complaining. Nervousness troubled me, caused, I think, by woman's weakness. This medicine was recommended to me and I thought I would try it. I found results good; it certainly helped me."—Mrs. Carrie Headlee, 1203 Oak St.

HAYDON SELLS THE MAJESTIC 129213

INFORMAL OPENING

That magic worker, Spring, together with that other spirit, Lower Prices, has brought about new conditions in the matter of women's attire.

These conditions are revealed to the women of this city, and surrounding country, with a wealth of beautiful styles that will start the Spring season with a breathless rush of excitement and admiration.

The fashion loving women who must have the new as soon as it arrives will be pleased with this wonderful showing. And with all this exclusiveness of style and newness of models, prices are very moderate. You will be surprised how little money it takes to buy one of these advance creations in suits, dresses, coats and wraps.

"The Store that Does Things"

ORANGE IN THE FINALS

The Orange high school basketball team was a runner-up in an invitational tourney held in Connersville all day Saturday, and lost in the final game at night to the Connersville team, 19 to 9. The Orange team in the morning game eliminated Bentonville 22 to 3, and in the afternoon Glenwood, 29 to 13. Every team from Fayette county, except Fairview, was represented at the meet.

WEATHER FOR THE WEEK

Cold weather is indicated during the week, with snows Sunday and again on Wednesday or Thursday.

SPECIAL MEETING TUESDAY

Junior Order of United American Mechanics will hold a special meeting Tuesday night. All members are urged to be present as arrangements will be made to move into the new hall.

Grocery for Everybody

We cater to all classes of trade. No store in Rushville carries so complete a line of fancy and high class groceries as we do. Our medium priced canned goods are of the same quality as sold by many stores for highest grade.

We buy only the best of staple goods, yet we price them as low as the lowest grades.

Our store service is as good as we can make it and our delivery service is most satisfactory.

These are the things that make our store the busiest in town.

PROMINENT NEW YORK MAN PRAISES TANLAC

John F. Hyatt, of Albany, N. Y. Is Relieved of Severe Attack of Rheumatism of Many Years' Standing.

"I am now seventy-two years old and am just getting rid of fifteen-year case of rheumatism that had me so crippled up I could not walk," said John F. Hyatt, 227 Pearl St., Albany, N. Y., in relating his remarkable experience with Tanlac recently. Mr. Hyatt was chairman of the committee in charge of building the Albany County Courthouse and was four times elected a member of the County Board of Supervisors. At present Mr. Hyatt is Assistant Superintendent of the Albany County Courthouse, with offices in the building.

"I don't believe," he continued, "anybody could have rheumatism any worse than I did, and my case was of such long standing I didn't expect to ever get over it. I was unable to walk except for a short distance, supported with a cane, and even then the pains struck me every time I took a step. My legs, hips and ankles hurt something awful and my joints were stiff and aching. I couldn't cross my leg without having to lift it up with my hands, and to turn over in bed, why, the pains nearly killed me."

"My appetite was gone and the sight of food nauseated me. My stomach was out of order, and I had a sluggish, heavy feeling all the time. I was weak, off in weight and discouraged so that it looked like I might as well quit trying to ever get well."

"I had no idea Tanlac would relieve my rheumatism when I began taking it last Spring. I took it because I saw where it would give a fellow an appetite. Well, sir, I was

JOHN F. HYATT
227 Pearl St., Albany, N. Y.

the most surprised I ever was in my life when the rheumatic pains began to ease up. I took seven bottles in all and, it's a fact, I didn't have an ache about me, was eating fine and simply felt like I had been made over again.

"I have been in the best of health ever since, with only a slight twinge of rheumatism at intervals. I do not need my cane now, but as I had been unable to walk without it for several years, I got into the habit of carrying it and so still take it along. I am enjoying life and health once more and can conscientiously recommend Tanlac as the greatest medicine I have ever run across in all my experience."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manila by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McCarty, and in New Salem by Mrs. Jos. Hankins, E. R. 2.—(Advertisement)

LETTERS SUGGEST HEAVIER PENALTY

Conservation of Indiana's Wild Life Resources Has Become Issue of State Wide Importance

THIRTEEN BILLS PRESENTED

Sportsmen Champion Measures of Game Interests Now Receiving Legislative Consideration

Indianapolis, Ind., Feb. 19.—The conservation of Indiana's wild life resources has become an issue of extreme and state-wide importance if hundreds of letters reaching the state department of conservation can be taken as a barometer of public opinion. George N. Mannfeld, superintendent of the division of fish and game, told members of 110 fish, game and bird protective associations in this state in his monthly letter which went out today.

According to Mr. Mannfeld the surprising and pleasing features of these letters, all suggesting improvements in present state fish and game laws, are for a heavier penalty for law violation.

Of the thirteen bills presented to the legislature, all measures have the support and approval of the conservation department and of the Indiana Fish Game and Forest League. Only three proposed amendments offered so far are independent of the legislative program of the league, Mr. Mannfeld says.

In order that every association have a voice in the matter of attempting to create more comprehensive legislation to augment and protect wild life in this state, representatives of the conservation department met with league representatives and worked out plans satisfactory to those interested. The result is bills proposed by the department and by the league harmonized and are designed to make fishing and hunting not only pleasurable but profitable in this state.

Genuine sportsmen who have given the conservation of wild life serious thought and are sincere in their desire to perpetuate the same are championing the measures of the fish and game interests now receiving legislative consideration. Such sportsmen have visions of state waters teeming with aquatic life and the remnants of forests plentifully supplied with small game and this in the near future if proper protective measures can be made laws, Mr. Mannfeld says.

ASKS DOCTOR TO TRY "CURE" ON THEIR WIVES

Washington, Ind., Feb. 21.—After the Washington Democrat, a local newspaper had published several articles regarding the 11-day talking spell of the little Waukegan, Ill., girl, who talked continuously without sleeping at night, a local physician sprung a new story on the town. Three men called him up after reading the articles, including the last one which told of the cure, he said, and asked him if such a case were possible. When informed by the doctor that it was, according to the physician, they asked him to come over and try to stop their wives from talking so much.

IMPROVES AFTER OPERATION

Mrs. Clara M. Ruddle is improving after an operation at the Dr. Sexton hospital a few weeks ago.

FOR SKIN TORTURES

Zemo, the Clean, Antiseptic Liquid, Just What You Need. Is Not Greasy

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using Zemo. Obtained at any drug store for 35c, or extra large bottle for \$1.00.

Zemo generally removes pimples, blackheads, blotches, eczema and ring worm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and costs nothing. It is easily applied and stains a mere trifle for each application. It is always dependable.

If the letters on a printed page blur or seem to run into each other, an eye examination at the hands of a skilled optometrist is imperative. We will give your vision a thorough test and tell you whether you are near or far sighted or both or if because of an imperfection of the cornea an astigmatism has set in. Our service is eminently satisfactory.

SAYS HAYS IS ON THE DOUBTFUL LIST

Senator James E. Watson Returns From Florida After Conference With President-Elect

HOOVER STILL HAS CHANCE

Indiana Senator Back Much Improved in Health After Few Weeks Sojourn in South

Washington, Feb. 21.—Senator James E. Watson returned here today from a five-day sojourn with President-elect Harding at St. Augustine, Fla. His impressions in regard to the makeup of the Cabinet are both interesting and informative. Contrary to general belief it is not yet settled, Senator Watson says, that Will H. Hays is to be postmaster general, as Mr. Hays has not given his acceptance. The President-elect has taken the position that no member of his official Cabinet family shall be national chairman. He holds that the two positions should be kept entirely separate. He has a high opinion of Chairman Hays and tendered him the postmaster generalship in the hope that he could see his way clear to give up the chairmanship. Mr. Hays still has the matter under consideration. Senator Watson says Herbert Hoover has the best chance of appointment as secretary of commerce. The President-elect is smoothing out in advance possible antagonisms that might be created by appointing Hoover.

Notwithstanding reports to the contrary, it is not certain that Sen. Albert B. Fall of New Mexico will be secretary of interior. The appointment lies between Fall and ex-Senator George Southernland of Utah.

One week ago last Saturday Mr. Harding sent a long telegram to Frank O. Lowden at San Francisco, Cal., urging him to withdraw his declination of the secretaryship of the navy. Last Monday Lowden wired back, tendering his thanks, but renewing his declination. Senator Watson thinks A. T. Hert of Louisville will be appointed secretary of the navy.

James Davis of Pittsburgh, Pa., formerly of Indiana, will be secretary of labor says Senator Watson. The remainder of the Cabinet slate as heretofore lists Mellon for secretary of war, Daugherty for attorney general and Wallace for secretary of agriculture. This is the latest Cabinet information direct from an authoritative source.

Senator Watson said that Harding has not given consideration to any lesser appointments than Cabinet officials.

Senator Watson went to Florida for his health and returns much improved.

Representative Will R. Wood of Indiana has received a telegram from President-elect Harding asking him to come to St. Augustine, Fla. for a conference. Mr. Wood is chairman of the House conference on the Legislative appropriation bill which is now shaping the bill in its final stages and he has wired the President-elect that it will be impossible for him to leave Washington for some time. It is supposed the President-elect desires to confer with him on matters of appropriations and finances.

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Without the Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole. Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister. Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

BUY YOUR BREAD AT HOME

Weakley's MILK MADE and BIG BEN Bread

Do you know that last year we spent \$18,958.60 in our town for labor, etc.?

Do you know we have the same bakery equipment as the large corporations?

Does that mean anything to our town? Wouldn't it be a better policy to spend your money at home rather than spend it out of town? We know our bread is just as good. Try a loaf and compare them, note the flavor of our bread, as we use only the best of flour, plenty of sweet milk, sugar, salt, lard and yeast, thus giving the bread the good wheat flavor and a creamy appearance. We will not use corn starch bleacher to make white bread and kill the flavor.

Ask your grocer for a loaf of Weakley's Milk Made or Big Ben Bread with the Milk Made wrappers and the Big Ben labels. If your grocer can't supply you, call 1419, we will.

"OUR TOWN"

Praise it.
Improve it.
Talk about it.
Don't knock it.
Trade at home.
Take a home pride in it.
Remember it is your "HOME."
Trade and induce others to trade here.
Support your local institutions that benefit your town.

THINK ABOUT IT

SEVER'S CONNECTION WITH PEACE TREATY

Withdrawal of American Representation on Reparation Commission is Final Act

TROOPS TO BE WITHDRAWN

Paris, Feb. 21.—Withdrawal of American representation on the reparation commission, formally announced by Roland Boydton, has severed the last official connection of the United States with enforcement of the treaty of Versailles.

American troops still remain in the Coblenz area but their position there is regarded as diplomatically untenable and they are expected to be ordered home at once.

Their abandonment of that section of the Rhine district, it is expected will mean that their place will be taken by French soldiers. Occupation of the Coblenz area by French troops will permit France to make another military demonstration against Germany in keeping with the warning sounded by Premier Briand last week.

JAM THREATENS THE LEGISLATURE

Continued from Page One
instead of \$1,000 yearly.

Various proposed steps to make the Indiana prohibition law "bone dry" and putting beer saloons under city regulation.

Several bills to change the educational laws of the state.

A concurrent resolution adopted by the house and pending before the senate calling upon the state board of accounts to investigate the duties of every county official in the state and recommend a new salary scale for these offices to the 1923 legislature.

The time limit for introducing bills in the house is passed, but more expected to be presented in the senate. Up to today, 773 bills had been placed in both houses, 462 in the house of representatives and 311 in the senate.

TRY A WANT-AD

FIRST SEED CORN BATCH TAKEN OFF

Continued from Page One

went into the crib too sappy last fall to stand the freeze which came the middle of November. Consequently there are a great percent of frozen germs and weak seed which can only be detected by careful selection and testing.

A seed corn tester is being installed in the Manilla high school by Carl Miller, Vocational Agriculture teacher, in connection with his vocational work and farmers in that community should get in touch with Mr. Miller if they want corn tested. For early indications are that there will be a big demand for the work and it will be impossible to take care of all applications.

BODY ENROUTE HOME

Word was received here today that the remains of Arthur B. Irvin, who died in a hospital in Los Angeles late Friday, will arrive in Rushville on Thursday morning. The funeral arrangements will be announced later.

Fact's About the Bible.

The Lookout prints the following information about the Bible: "The Bible contains 3,586,450 letters, 810,697 words, 31,173 verses, 1,189 chapters, 66 books. The longest chapter is Psalm 119, and the shortest is Psalm 117. This is also the middle chapter. The middle verse, however, is Psalm 118:8. The longest name is in Isaiah chapter 8."

In Girlhood, Maidenhood, Motherhood

A prescription which Dr. Pierce used fifty years ago—is still the best tonic for weak women. Every druggist in the land sells Dr. Pierce's Favorite Prescription in tablets or liquid. South Bend, Ind.—"In my young girlhood I became frail and delicate. Dr. Pierce's Favorite Prescription regulated me and strengthened me as well as proving excellent as a nervine. I will always praise this medicine for I know it benefited me at a very critical period and I recommend it to all girls who are ailing." — Mrs. Samuel Romina, General Delivery.

TO JOIN IN A CONFERENCE

Combined Quarterly Meeting at M. E. Church Here Wednesday

A combined quarterly conference will be held at St. Paul's Methodist church on Wednesday from 10 a. m. to 3:30 p. m. The charges involved in this gathering will be New Palestine, Morristown, Arlington, Carthage, Glenwood, Milroy, Milroy circuit, Clarksburg and Rushville. A program to be participated in by all the pastors and some laymen has been arranged, dealing with the Centenary, the church paper, the Sunday school, and evangelism. At 2:30, the Rev. W. M. Whitsett, formerly pastor at Rushville, now superintendent of the Greensburg district, will preach. The Ladies Aid society of the local church will serve lunch at noon. The district superintendent, Dr. J. M. Walker, will preside. The public is invited.

COMMISSION IS UPHELD

Three Judges Rule on Power of Interstate Commerce Commission

(By United Press)

Indianapolis, Ind., Feb. 21.—A concurrent opinion of three judges sitting in federal court today in effect upheld the power of the interstate commerce commission over the railroad traffic within Indiana.

The decision was rendered under the Esch-Cummins transportation act. It granted the petition of the Baltimore-Ohio railroad for an injunction to restrain the Indiana public service commission from interfering with the interstate commission in collecting increasing intrastate passenger and freight rate under the order of the commerce commission.

SNOW IN THE EAST

Washington, Feb. 21.—With seven deaths reported train and telegraph service brought to a standstill and shipping along the coast completely tied up, New England endeavored to uncover some heaviest snow fall since 1898. Four of the seven deaths were fishermen who were swept overboard during the storm.

GERMANY ADMITTED TO LEAGUE MEMBERSHIP

Has Been Invited to Sit at International Conferences Wherein German Interests are Concerned

CONFERENCE NEXT MONTH

Paris, Feb. 21.—Germany was admitted to membership in the league of national technical organizations. The league council at the opening of its sitting here invited Germany to participate in the international transit conference at Barcelona next month thereby inaugurating the policy of admitting her to all technical classes pending her actual admission to the league of nations.

Germany and the United States again were the leading figures when the council of the league reconvened. Neither country was represented but the debate largely concerned means of admitting Germany and the per suading of the United States to join. Members of the council indicated belief that Germany's obligations will be determined finally at the London conference this week.

Women Give Out

Housework is hard enough when healthy. Every Rushville woman who is having backache, blue and nervous spells, dizzy headaches and kidney or bladder troubles, should be glad to heed this Rushville woman's experience:

Mrs. Luther Wyrick, 1016 N. Arthur St., says: "Several years ago I was in bad shape with my kidneys, caused from heavy housework. My back was lame and sore and I couldn't stoop on account of the sharp twinges in my back and loins. My kidneys were weak and always felt dull and heavy. They didn't act right, either. I heard of Doan's Kidney Pills at that time and purchased a box at Pitman & Wilson's Drug store. They soon relieved the trouble. Since then I have used them as a kidney tonic with satisfactory results." 60c. at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—(Advertisement)
